B001150-070121	7/1/2021	7/29/2021	OPC	Jessie Rossman	ACLU	This is a request for public records under M.G.L. ch. 66, § 10, made on behalf of Lynnel Cox. Please provide the following records from January 1, 2018 to the present date. If a record was changed or updated between January 1, 2018 and the present date, please provide all versions of the record. 1. All records containing, discussing, or reflecting BPD's policies or protocols for overdose prevention, including any relevant rules, policies, directives, Special Orders, Commissioner's Memoranda, and Training Bulletins. 2. All records containing, discussing, or reflecting BPD's policies or protocols regarding booking or detaining people showing signs of intoxication, including any relevant rules, policies, directives, Special Orders, Commissioner's Memoranda, and Training Bulletins. 3. B001151-070121	7/1/2021	9/8/2021	OPC	Diana Stroud	The Law Office of Michelle Menken	I am seeking any and all materials, including but not limited to, police reports, supplemental reports, notes, and memoranda of interviews, dated March 13, 1996 onward, relating to CC # 60-131443, an investigation into the homicide of Walter Poe. I submitted a similar public record request to the Boston Police Department (Department) on 3/24/2021. In response to my prior request, I was told to contact the Suffolk County District Attorney's Office (SCDAO) instead. The Department asserted that, because SCDAO directs and controls homicide investigations, the SCDAO had sole "control" of all documents response to my request. The Department concluded that, as a result, it had "no authorization to release copies of homicide records." The Department closed the request on 3/26/2021. For the reasons stated below, I believe that the Department is both authorized and required to disclose documents responsive to the request I am submitting on the present date. The public records law is intended to provide "the public [with] broad access to governmental records." Worcester Tel. & Gazette Corp. v. Chief of Police of Worcester, 436 Mass. 378, 382-383 (2002). Accordingly, the law applies to all "documentary materials or data, regardless of physical form or characteristics, made or received by any officer or employee" of a government entity. G. L. c. 4, § 7, Twenty-sixth. Any such materials that are "within the possession, custody or control" of the entity must be provided for inspection upon request. G. L. c. 66, § 10 (a) (ii). By its plain language, the statute mandates that an agency have either possession, or custody, or control of the requested documents, not all three. Further, as the Supreme Judicial Court has explicitly held, an agency is required to disclose public records it has created or received, even if another agency is designated as the owner of the record. See Rahim v. District Attorney for the Suffolk Dist., 486 Mass. 544, 548 (2020) (holding that FBI materials provided to State agency as part of terrorism investigation were subject to public records law, regardless of fact that FBI claimed that it was the exclusive owner of the materials). If the Department has possession or custody of responsive documents, those documents are subject to disclosure, regardless whether the Department asserts that the SCDAO controls those documents. See id. ("If every public records request also required the requestor to conduct something akin to a title search, then the public would necessarily be stymied in its quest for greater government transparency."). Cf. Harvard Crimson, Inc. v. President & Fellows of Harvard College, 445 Mass. 745, 755 (2006) (reports created by private university would qualify as public records "[o]nce in the custody of the department of State police"). Indeed, prior cases indicate that individuals have sought, and been provided, homicide investigation documents from the investigating police department. See, e.g., Commonwealth vs. Haley, Mass. Super. Ct., No. 1971CR58947 (Suffolk County Aug. 26, 2008) (indicating that individual requested, and received, homicide investigation records from BPD); see also Mullen vs. Silva, Mass. Super. Ct., No. 0073CV00413, (Bristol County Dec. 10, 2001). Please contact me if you have any questions about this request, and thank you in advance for your assistance. [SPR21/2073]

However, that cell phone number was not used by me at the time, most likely by my 15 year old son, Gergo Furesz. To day i have no information of his whereabouts, i cannot reach him, and i cannot be sure of his safety and well being. Thus it is very important to me to get above information ASAP. I have joint, shared legal custody of Gergo, while he lives with his mother in Groton, MA. She has refused communication with me, and so right now i don't even know if my son is alive or not.

I am requesting that I be provided a copy of the following: * Documents showing the names of sworn officers within the Boston Police Department who were terminated for misconduct, agreed to resign or retire to resolve misconduct accusations, or resigned or retired with a pending internal affairs investigation since January 1, 2010. It's possible the information is already contained in internal affairs logs that you have already provided or plan to provide. If so, please just let us know and that will satisfy this request. Alternatively, we ask that you provide a list of officers who have fired, resigned, or retired as a result of a misconduct investigation or with a pending investigation against them. Or you could instead satisfy this request by providing other records containing this same information, such as the resignation/termination/retirement letters for officers who left during that time period as a result of a misconduct investigation or with a pending investigation against them. It is worth noting that state's new peace officer standards and training commission is tasked with collecting similar data from individual police departments for a public database, including "the date of any separation from employment with an agency and the nature of the separation, including, but not limited to, suspension, resignation, retirement or termination." And the Legislature recently amended the state public records law to make it clear the documents do not fall under exemptions for personnel records or privacy. [internal affairs IAD] [SPR21/2064]

R001373-072021	7/19/2021	8/12/2021	Public Records	Colman Herman	Freelance Reporter	In a surprise move, federal district court Judge William Young withdrew his opinion Friday in a Boston exam school admission case, because he said he believed the school system's attorney misled him by excluding racially charged text messages from the court record. . . . Young ordered the attorneys to file a detailed brief in 30 days explaining why the text messages were never submitted to the court and why no one from the city's legal department notified the court about the text messages after they recently were leaked to the media. . . . In waging their defense, city attorneys have stressed in a motion they filed earlier this week and in the Friday hearing that they never vouched that a transcript of text messages submitted to the court was a complete accounting of all such communications between School Committee members during the night the temporary plan was approved. They only attested the information in the transcript was accurate. On July 18, 2021, The Boston Globe reported the following. The sequence of events leading to the judge's ruling started well before Janey stepped into the mayor's office. Last year, after the School Committee voted to change the admissions process at Boston Latin and the other exam schools, the Globe and others filed public records requests for communications that school committee members exchanged during the contentious meeting. The city provided what later proved to be an incomplete and legally deficient response, withholding ill-advised text messages between two members expressing animus toward white families in West Roxbury who had opposed the changes, which yielded greater racial diversity at the schools. That clumsy coverup was bad enough when it served to mislead the public. But the city compounded its problem by asserting in March that those same exchanges were "true and accurate." After the withheld text messages surfaced this spring, the city's lawyer lamely insisted that true and accurate wasn't the same as "complete." The judge, William Young, was having none of it. "I thought I had the complete messages and telling me now that it wasn't stipulated that it was complete falls on extremely deaf ears," he said. Regarding the above matter, please provide me with copies of any and all communications in which Shawn Williams was a sender or recipient. Communications include, but are not limited to, emails, text messages, letters, memoranda, faxes, and/or notes. If any communications were carried out on personal devices, they are responsive public records and therefore must be produced. [October 2020 School Committee Text Messages] [Mayor Kim Janey Request]

Additionally, we spoke briefly about if the department employs a statistician or data scientist, and if anyone has run any statistical analyses to determine if the changes in crime rate over time are statistically significant (note that statistical significance is different from an individual's assessment of whether a drop in crime is emotionally significant to someone- Statistical significance helps quantify whether a result is likely due to chance or to some factor of interest where emotional significance may be something that is noteworthy or of importance). B001286-072321	7/23/2021	10/26/2021	OPC	Christopher Post	Wood & Nathanson, LLP	I am requesting all records pertaining to the circa 2007 investigation into evidence tampering at the Boston Police Department Evidence Depository and/or Department of Public Health Drug Analysis Laboratory. In order to assist you with your review, I have attached a 2 page DPH internal memo dated March 3, 2007. The author describes being contacted by Lt. Det. Frank Mancini regarding various cases of suspected evidence tampering. The matter was apparently referred to Charles Salemi, the Hinton Drug Lab supervisor, so that DPH could follow up with the BPD detectives. It is my understanding that in January of 2008, BPD released a 164 page internal audit discussing the findings of the investigation. Due to the fact that the investigation has already closed, these records are not exempt from disclosure due to an ongoing investigation.

B001301-072621	7/26/2021	7/28/2021	BPD Media Relations	Colman Herman	Freelance Reporter	Acting Commissioner Long. This is a public records request. It is a request that should have been unnecessary, 1) On July 16, 2021, I posed the following question to Sergeant John Boyle, your press officer. "Would you please find out for me how many cases of sexual misconduct have been submitted by Boston Public Schools for investigation by the Boston Police Department in School Year 2018-2019 and School Year 2019-2020? "Please note this is not a public records request. "Please let me hear back from you by Tuesday, July 20, 2021 if possible." 2) July 20, came and went, but no word from Sergeant Boyle. 3) So on July 21, I sent Sergeant Boyle a reminder note. 4) On July 22, Sergeant Boyle wrote the following back to me "Once I received this request I immediately reached out to get this info. I have not heard back, I'll check again." 5) Today is July 24, but still no word from Sergeant Boyle as to the status of the question I posed over a week ago. 6) And so I now make the following public records request. 7) Please provide me with copies of any and all sexual misconduct cases, related documents, and/or related communications submitted by Boston Public Schools in School Year 2018-2019 and School Year 2019-2020 for investigation by the Boston Police Department. 8) In the event that Sergeant Boyle simply answers the question I posed to him (see #1 above), I will withdraw this public records request. 9) Please note that I am submitting this public records request in my capacity as a freelance reporter with no affiliation with any particular media outlet.

R001448-072921	7/29/2021	8/3/2021	BIS/Video Evidence Unit	Zachary Armen		On the evening of Tuesday, July 27th, 2021 I was parked in Zone 519 (on the east side of Dartmouth Street between Boylston St and Newbury St) from 6:51pm until around 9:00pm EST (see below) image of my parking session). During this time I was in a local restaurant having dinner (Saltie Girl, on Newbury St and Dartmouth St). When I returned to my car after dinner I drove away from the parking spot, and after about two blocks I noticed that the rear window of my car had shattered. After pulling over to assess the damage, I noticed that there was no evidence of any blunt object, like a tree branch, sign, or anything else, that had collided with the window causing it to shatter. As such, I drove the car home to my apartment garage. I would like to see any video footage from cameras in the area that might have captured the window shattering, so we can identify the cause. This will be very helpful in my pursuing a claim for reimbursement of the repair of the damage with my insurance company and/or with Tesla motors. The car is a 2021 Model Y, black exterior, license plate number QYX S30, registered in the state of Florida. Thank you very much in advance for your help in this matter.

The records custodian may be the Boston Police Department. For context, here is the back story for the request. For 50 years, Gloria Steinem has been telling a story about a cab ride she took to Boston Logan Airport in the early 1970s with the late activist and lawyer Florynce Kennedy. During the ride, Steinem said she and Kennedy were discussing abortion. When the cab pulled up to the airport, Steinem said the woman was driving the cab turned around and said, "If men could get pregnant, abortion would be a sacrament." The quote has been put on T-shirts, buttons, banners etc. It's sometimes attributed to Gloria Steinem, but she says it was her cab driver. Steinem says she never asked the woman for her name. I would like to try to identify her so she can get credit for her remark.

The walk signal at that intersection I believe is known as "concurrent" so that vehicles taking turning onto A from W. Second would get the green signal while pedestrian signal remained on for pedestrians to cross. As my client crossed A street, she was struck by a vehicle that approached from W. Second and turned left onto A Street. I am requesting an opportunity to inspect and/or obtain copies of all records and documents, hearings, meetings, concerning this incident, this intersection, its design, re-design, planning, engineering, maintenance, inspection, repair of the crosswalks, curb lines, wheelchair/handicap ramps, traffic and pedestrian light signals (hereinafter collectively referred to as "light signals") including without limitation: the timing and sequence of the light signals on 4/20/21 between 1 :30 PM and 3:30 PM, traffic and pedestrian signage posted at or approaching the intersection, changes to any signage and/or timing and sequence of the signal lights, malfunctions, permits, construction, repairs or maintenance to the light signals, crosswalk markings, curb lines, wheelchair/handicap ramps between the hours of complaints, reports, service communications, emails, maintenance communications, traffic communications, 311 reports, photos, video, and digital images. This information described is requested for the date 4/20/21 and for the two years preceding that date to the present time. This request is not limited to records/documents generated or prepared by departments or employees of the city of Boston. I am also specifically, without limitation, requesting to inspect or obtain copies of all such information, documents and reports from and/or identifying outside persons or entities that were involved in any way in the planning, design, re-design, approval, construction, maintenance or repair of the Intersection A St. and W. R001500-080521	8/5/2021	8/31/2021	Collecting	G Harold Christian	Payment Processing Services, LLC	For our File 143949, pursuant to the Massachusetts Public Records Act § 66-10 et seq., I respectfully request you produce copies of public records via email to FOIA@expertmoneyfinders.com in a manipulatable, searchable Excel spreadsheet, comma separated value (CSV) file, or text (TXT) file (not as a PDF or Word document). For all bank accounts checks/warrants ("checks") are issued from, please provide the most recent list/report of all non-negotiated/outstanding/uncashed checks - in all amounts - that were issued between January 1, 2000 and the date the search is conducted. Please provide all available fields, including, but not limited to, (i) payee name, (ii) payee address, (iii) amount, (iv) date issued, (v) check number, etc. Please note: This request specifically excludes all checks that have already been reissued, and/or are ineligible to be reissued, and/or have already been remitted to a state unclaimed property office. Excluding checks that cannot be reissued is extremely beneficial, as processing only eligible reissue requests conserves the resources of all parties. Please inform me if, after a reasonable search, no responsive records whatsoever were located. Please also inform me if you determine to withhold a responsive record in its entirety or disclose in redacted form. If you do intend to disclose any record in redacted form, I ask that you redact that record for the time being (by blacking it out, not whiting it out) and make the rest of the records available. Thank you for your assistance in fulfilling this request.

R001579-081121	8/8/2021	8/11/2021	Environment, Energy, and Open Space	Colman Herman	Freelance Reporter	<p>From: COLMAN HERMAN <colman@verizon.net> Date: Sun, Aug 8, 2021 at 8:03 AM Subject: Public Records Request To: Stacia Sheputa <stacia.sheputa@boston.gov> Ms. Sheputa, This is a public records request made pursuant to the Massachusetts Public Records Law at M.G.L., c. 66, §10 and its supporting regulation at 950 C.M.R. 32.00 et seq. 1) On July 29, 2021, I wrote the following to David Musselman, director of the municipal energy unit of the City of Boston. I am wondering if you might explain to me why you are refusing to speak with me. Mr. Musselman did not respond to my inquiry. 2) On August 3, 2021, I wrote the following to Mr. Musselman. Have you notified residents that Eversource changed its supplier rate as of July 1, 2021? 3) On August 5, 2021, I wrote the following to Stacia Sheputa. May I please get a response to my question below? [#2 above] 4) On August 5, 2021, Ms. Sheputa responded to me as follows. The City updated the Boston Community Choice website with the new rates and we are planning on sending a mailing within the next couple of weeks to update enrolled customers on the City's rate change in November. 5) On August 5, 2021, I responded to Ms. Sheputa as follows. – When did you update the website? – Please point me to where the new Eversource rates are on the website. 6) On August 5, 2021, Ms. Sheputa responded to me as follows. The website was updated on 7/1/21. Under "rates" you will see the following which takes you to the Eversource rates. 7) On August 5, 2021, I responded to Ms. Sheputa as follows. 1) Why is it taking so long to send out notice that Eversource has the lower rate? People could have switched to the new rate as of July 1 and saved money all this time. 2) Does Mr. Musselman think the new Eversource rate is easy to find on the city website? 3) One of those records I obtained was an email from Mark Cappadona [consultant] to Mr. Musselman in which he states the following. The Eversource Rates for the Summer Rates have been dropped. They are high, not as high as I would have liked. Why would Mr. Cappadona want the Eversource rates to be higher? Ms. Sheputa did not respond to my inquiry. 8) On August 4, 2021, I wrote the following to Mr. Cappadona. Using the public records law, I have accessed some records from the City of Boston. One of those records was an email from you to David Musselman in which you state the following. “The Eversource Rates for the Summer Rates have been dropped. They are high, not as high as I would have liked.” Why would you want the Eversource rates to be higher? Mr. Cappadona did not respond to my inquiry. 9) Please provide me with copies of any and all communications related to the above interactions. Communications include, but are not limited to, emails, text messages, letters, memoranda, faxes, and/or notes. If any related communications were carried out via personal devices, they are public records and therefore must be produced. 10) In responding to my public records request, please be aware of the following. a) A denial must detail the specific basis for withholding the requested information. The denial must include a citation to one of the statutory or common-law exemptions upon which you rely and must explain why the exemption applies. b) Where exempt information is intertwined with non-exempt information, the non-exempt portions are subject to disclosure once the exempt portions are deleted. . c) You have ten business days to respond. 11) Please note that I am submitting this public records request in my capacity as a freelance reporter with no affiliation with any particular media outlet.</p>

B001405-081221	8/12/2021	8/12/2021	BAT/POLICE REPORTS	Learner Liu		<p>I hope to ask for a police report. It's about an assault incident on 7/20 in the Chinatown area. "07/20/2021, 4:04 PM. 61 Harrison Ave. Officers responded to a radio call for a robbery in progress at 61 Harrison Ave. Upon arrival the officer spoke with the caller/victim who stated that the woman working in the corner store stole his cell phone and assaulted him. The officer went into the store and spoke with the woman who was working there. The store employee/suspect stated that she had loaned the victim \$300 to play scratch tickets and that she wanted her money. She acknowledged having the phone and returned it to the officer when he asked for it. The phone was returned to the victim and he was informed that he could take charges out against the suspect at Boston Municipal Court if he chooses to. The officer did not want to arrest the suspect due to her being pregnant. The officer also informed the suspect that she could take the victim to court for the money that she loaned him." I ask for the original report document because my friend was involved in this incident. Thank you very much.</p>

R001591-081321	8/13/2021	8/13/2021	Animal Care and Control	Timothy Greene		On the day of August 10th 2021 an animal control officer was dispatched to my home located at 19 farrington avenue #117 Allston Massachusetts 02134 to investigate a report made about a dog that was living inside of a dog cage and was confined to that space and was never allowed out of the cage, ultimately the report was claiming animal abuse/neglect due to the dog allegedly being kept in its cage and never being allowed to come out of that said cage. Upon investigation of this claim it was found that the dog was in no way being abused or neglected by anyone and the claim was completely false and not supported by anything that would support an abuse/neglect claim. I did, however, have a few follow up questions: 1) I initially requested these records on May 20, 2021. There is a timestamp on the bottom of the records that suggests the records were printed a week later on May 27, 2021. The timestamp says: "5/27/2021 012058-Michael Loney" Despite that 5/27/2021 timestamp, the records were not provided to me for another 82 days. Can you provide details explaining what took so long? 2) The documents are number pages 85, 86, and 87, suggesting the records were part of a larger document. What is the larger document? I'd like to request a copy of it. 3) The records reference three doors at BPD headquarters. HQ 1S Video Evidence unit HQ 3S Inter.AffairsS325 D-4 APC1R5 Rear Entry Can I get a description of each of the doors? Are all exterior doors? If not, which ones are interior doors? What is the video evidence unit door? Is "HQ 3S Inter.AffairsS325" the door to internal affairs? If so, any idea why he was in IAD three times?

He was put in a psychiatric hospital for further analysis. In the interim, if we have the police report regarding the incident, it would be very useful for planning around his current possession of the unit.

B001489-082521	8/25/2021	9/13/2021	BAT/POLICE REPORTS	Emma North-Best		<p>To Whom It May Concern: Pursuant to the Massachusetts Public Records Law, I hereby request the following records: Records regarding the potential for violence, unrest, criminal activities or other disturbances associated with protests or other activities on either January 5 or January 6, 2021 at local, regional or national events. This request includes but is not limited to inter-departmental communications, situational reports, bulletins and other documents. I am a member of the news media and request classification as such. I have previously written about the government and its activities, with some reaching over 100,000 readers in outlets such as Gizmodo, MuckRock, Motherboard, Property of the People, Unicorn Riot, and The Outline, among others. As such, as I have a reasonable expectation of publication and my editorial and writing skills are well established. In addition, I discuss and comment on the files online and make them available through non-profits such as the library Internet Archive and the journalist non-profit MuckRock, disseminating them to a large audience. While my research is not limited to this, a great deal of it, including this, focuses on the activities and attitudes of the government itself. As such, it is not necessary for me to demonstrate the relevance of this particular subject in advance. As my primary purpose is to inform about government activities by reporting on it and making the raw data available, I request that fees be waived. I also request that, if appropriate, fees be waived as we believe this request is in the public interest, as suggested but not stipulated by the recommendations of the Massachusetts Supervisor of Public Records. The requested documents will be made available to the general public free of charge as part of the public information service at MuckRock.com, processed by a representative of the news media/press and is made in the process of news gathering and not for commercial usage. I expect the request to be filled in an accessible format, including for screen readers, which provide text-to-speech for persons unable to read print. Files that are not accessible to screen readers include, for example, .pdf image files as well as physical documents. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. Policies, including implementation, termination and expiration notices, mentioning or discussing mask mandates or requirements for employees. 2. Reports regarding alleged violations of or non-compliance with mask mandates or requirements. 3. Records documenting any disciplinary actions taken regarding Item #2. 4. Emails, letters, memos and other written or memorialized discussions with unions or employee representatives regarding actual or proposed mask mandates or requirements (such as those requested in Item #1). I am a member of the news media and request classification as such. I have previously written about the government and its activities, with some reaching over 100,000 readers in outlets such as Gizmodo, MuckRock, Motherboard, Property of the People, Unicorn Riot, and The Outline, among others. As such, as I have a reasonable expectation of publication and my editorial and writing skills are well established. In addition, I discuss and comment on the files online and make them available through non-profits such as the library Internet Archive and the journalist non-profit MuckRock, disseminating them to a large audience. While my research is not limited to this, a great deal of it, including this, focuses on the activities and attitudes of the government itself. As such, it is not necessary for me to demonstrate the relevance of this particular subject in advance. As my primary purpose is to inform about government activities by reporting on it and making the raw data available, I request that fees be waived. I also request that, if appropriate, fees be waived as we believe this request is in the public interest, as suggested but not stipulated by the recommendations of the Massachusetts Supervisor of Public Records. The requested documents will be made available to the general public free of charge as part of the public information service at MuckRock.com, processed by a representative of the news media/press and is made in the process of news gathering and not for commercial usage. I expect the request to be filled in an accessible format, including for screen readers, which provide text-to-speech for persons unable to read print. Files that are not accessible to screen readers include, for example, .pdf image files as well as physical documents. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days, as the statute requires. R001902-092221	9/22/2021	10/15/2021	OPC	Hermina Sarkissian		Hello! On September 1st late afternoon I made a phone call to the police about one of tenant putting very loud music. I contoured and he became very rude and harassing. The loud music from his room he stood in front of my kitchen door that takes to the common laundry area in his underwear and shouting to close my door that he has a privacy. That was scary, since he came home he was shouting about unreasonable things. Not to get involved I just did it. I stepped away from the door that I don't see him in his underwear. I said to Sandra who was with me cleaning the house-" If he wants a privacy why he comes in front of my door???" "At that time he came up and slammed my door. I was shocked and shivering from this attitude. I was helpless. I called the police again several times. I said this is not just a loud music, but this is being harasses by the tenant. So they arrived fast. He stopped the music. The police left. I few days that I see things are not getting better I asked the police report. They didn't water a report. Now I'm going to the court. Please send me the record of my calls on September 1st. And the reasons of my call. Thank you Hermina

This information described is requested for the date 4/20/21 and for the two years preceding that date to the present time. This request is not limited to records/documents generated or prepared by departments or employees of the city of Boston. R001954-092821	9/27/2021	10/12/2021	BTD	Butch Goodwin		<p>The purpose of this letter is to formally request for help from your office and also to request information under the state of Mass and Federal Freedom of Information Acts. I am a 52-year-old that is currently in the process of retiring from the Local 7 Boston Union Ironworkers Local where I have 30 years' service and for the past 18 years was a general foreman over seeing over 300 union members on a daily basis on multiple jobs. I moved to CT and I am trying to get CT driver's license but I am being told that I have unpaid parking tickets in Boston. After looking at the dates of said tickets I have found that all tickets were issued in error by the city during the construction of the Room and Board building located at 375 Newbury Street in Boston. During this project the General Contractor had permitted multiple parking spaces for this project with the city yet still had multiple issues with the parking tickets issued. At one point we had a supervisor called to the location to review all the issues and was told that all parking tickets would be waived, and the issues stopped. Yet it appears years later these tickets are still not correctly addressed and now is affecting my ability to be able to get my drivers license in the state of CT. I would like to ask that your office investigate these matters and over see that the tickets be waived as they were to be years ago. In the event that the City does not wish to simply correct this matter as it stated in the past by waiving the tickets it would do then I would like to formally request under the State Freedom of information Act the following items; 1) All parking permits issued to general contractors for years 2013 and 2014 2) All parking tickets already waived at the or around the construction site of 375 Newbury Street, Boston from Sept 2013 to April 2014. 3) All parking officers and supervisors assigned to the area and street of Newbury Street, Boston from Sept 2013 to April 2014. 4) The minutes of the meeting and or the report filed by the Supervisor whom came to the job site located at 375 Newbury Street, Boston to resolve all these parking ticket issues for the general contractor that had paid the city to permit the spaces for this construction site. Its my hopes that I will not need to file a action with the courts to seek to resolve these matters that was already to have been resolved and I hope that your office can help to resolve them. Please note I have worked in the City of Boston for a great number of years and have never ever gotten a parking ticket on any other project. These tickets were a case of misunderstanding between the parking ticket officer, the city permits issued and etc. and were all to have been corrected years ago. The tickets in question are as follows: 675209301, 675686922, 674483493, 674496642, 675892943, 675819675, 675820003, 674066956.</p>

R001952-092821	9/28/2021	9/29/2021	Public Records	Hannah Bassett	Open The Government	<p>Re. Request for Public Documents Pursuant to the Massachusetts Public Records Law, Open The Government makes the following request for records. The murder of George Floyd in May 2020 sparked renewed interest in America's police departments and law enforcement agencies, and their respective policies, including policies around releasing information. Public information officers (PIOs) often serve as a conduit for information to reach the media and the public, and these PIOs continue to play an active role in determining and controlling which information is released. During the protests following Floyd's murder, and numerous other notable instances of policing activity, members of the media sought information from the Boston Police Department to inform their coverage of current events. Open The government requests documents to shed light on the policies that Boston Police Department's public information officers follow when determining which media requests to answer and which information to release. Requested Records Open The Government requests that the Boston Police Department produce the following records within ten business days: A complete copy (including any attachments) of any formal or informal guidance, directives, memoranda, or other policy and procedure documents or records utilized by employees of the Boston Police Department who are not public information officers when processing a media request. You can omit any formal or informal guidance, directives, memoranda, or other policy and procedure documents or records utilized exclusively by the Boston Police Department's public information officers (PIOs) when responding to media requests; we are only interested in records utilized by non-PIOs. Please provide all responsive records from May 1, 2020 to the day the search is conducted. Fee Waiver Request Open The Government requests that your agency consider waiving any fees associated with processing this request for records. The general public has a significant interest in how the Boston Police Department determines which information is made available to the media, and subsequently the public. Records with the potential to shed light on this process would contribute significantly to public understanding of operations of the Boston Police Department. Open The Government is a nonpartisan 501(c)(3) that works to strengthen our democracy and empower the public by advancing policies that create a more open, accountable, and responsive government. Open The Government uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. Open The Government also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter. To the extent your agency anticipates charging any fees with this request for records, Open The Government requests that you inform us in advance of doing so. Guidance Regarding the Search & Processing of Requested Records In connection with this request for records, Open The Government provides the following guidance regarding the scope of the records sought, the search of records, and the processing of records.</p> <ul style="list-style-type: none"> Please search all locations and systems likely to have responsive records, regardless of format, medium or physical characteristics In conducting your search, please understand that the term "record" or "document" in its broadest sense, to include any written, typed, recorded, graphic, printed or audio material of any kind.
