R001991-100121	10/1/2021	10/15/2021	BPD Media Relations	Michael Keller	The New York Times	<p>Hello, This is a public record request. I am requesting, in electronic format, all copies of timecards, or similar documents, that show hours worked, including overtime - noting the hours and dates worked - for the following officers for fiscal year 2019, including any special detail: * Mark W. Vickers Many departments allow officers to work secondary employment in positions such as security guards or for city events such as conventions where security is provided by off-duty officers. If applicable, please also include any timecards, approval documents or requests to work these or similar secondary jobs or so-called "extra duty" or "detail" shifts. Expedited processing I am requesting expedited processing. I believe this request is entitled to such processing because I am a member of the media, employed as a journalist by The New York Times where my role is primarily engaged in disseminating information to the public. This request also warrants expedited processing because it seeks to enhance the public's understanding of government activity around which there is widespread and exceptional media and public interest. These records relate to issues around police operations and financial spending, which has been an issue of national attention for the past 13 months. Police budgets can occupy a large part of a city budget, with overtime costs running particularly high in light of recent protests. A greater understanding of overtime pay would greatly contribute to the public's understanding of this important government activity. Fee Waiver I am also requesting a fee waiver. A fee waiver is warranted because the information is likely to contribute significantly to public understanding of government operations or activities and is not primarily in the commercial interest of the requestor. I am a full-time journalist and representative of the news media. As such, search and review fees should be waived. If you have any information about this request, please do not hesitate to contact me by email or phone. I look forward to your determination. To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, The New York Times welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, The New York Times and your agency can decrease the likelihood of costly and time-consuming litigation in the future. Best Regards, Michael Keller</p>

R002000-100121	10/1/2021	10/15/2021	BPD Media Relations	Michael Keller	The New York Times	<p>Hello, This is a public record request. I am requesting, in electronic format, all copies of timecards, or similar documents, that show hours worked, including overtime - noting the hours and dates worked - for the following officers for fiscal year 2019, including any special detail: Waiman Lee Many departments allow officers to work secondary employment in positions such as security guards or for city events such as conventions where security is provided by off-duty officers. If applicable, please also include any timecards, approval documents or requests to work these or similar secondary jobs or so-called "extra duty" or "detail" shifts. Expedited processing I am requesting expedited processing. I believe this request is entitled to such processing because I am a member of the media, employed as a journalist by The New York Times where my role is primarily engaged in disseminating information to the public. This request also warrants expedited processing because it seeks to enhance the public's understanding of government activity around which there is widespread and exceptional media and public interest. These records relate to issues around police operations and financial spending, which has been an issue of national attention for the past 13 months. Police budgets can occupy a large part of a city budget, with overtime costs running particularly high in light of recent protests. A greater understanding of overtime pay would greatly contribute to the public's understanding of this important government activity. Fee Waiver I am also requesting a fee waiver. A fee waiver is warranted because the information is likely to contribute significantly to public understanding of government operations or activities and is not primarily in the commercial interest of the requestor. I am a full-time journalist and representative of the news media. As such, search and review fees should be waived. If you have any information about this request, please do not hesitate to contact me by email or phone. I look forward to your determination. To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, The New York Times welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, The New York Times and your agency can decrease the likelihood of costly and time-consuming litigation in the future. Best Regards, Michael Keller</p>

Bulman Many departments allow officers to work secondary employment in positions such as security guards or for city events such as conventions where security is provided by off-duty officers. If applicable, please also include any timecards, approval documents or requests to work these or similar secondary jobs or so-called "extra duty" or "detail" shifts. Expedited processing I am requesting expedited processing. I believe this request is entitled to such processing because I am a member of the media, employed as a journalist by The New York Times where my role is primarily engaged in disseminating information to the public. This request also warrants expedited processing because it seeks to enhance the public's understanding of government activity around which there is widespread and exceptional media and public interest. These records relate to issues around police operations and financial spending, which has been an issue of national attention for the past 13 months. Police budgets can occupy a large part of a city budget, with overtime costs running particularly high in light of recent protests. A greater understanding of overtime pay would greatly contribute to the public's understanding of this important government activity. Fee Waiver I am also requesting a fee waiver. A fee waiver is warranted because the information is likely to contribute significantly to public understanding of government operations or activities and is not primarily in the commercial interest of the requestor. I am a full-time journalist and representative of the news media. As such, search and review fees should be waived. If you have any information about this request, please do not hesitate to contact me by email or phone. I look forward to your determination. To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, The New York Times welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, The New York Times and your agency can decrease the likelihood of costly and time-consuming litigation in the future. Best Regards, Michael Keller</p>

I'm currently working on my senior thesis, for which I was hoping to research and compare the college acceptance patterns of both students who attend exam high schools and normal high schools. I know Boston has 3 of these schools, and I was wondering if I could get access to the data I would need for my analysis? Specifically, I would need data (can be anonymized) on a variety of students' scores on the exam/composite score that was used for admission and any information on college acceptance/enrollment. I am certified through MIT to work with data concerning people and their data, and I can provide any documentation or verification if necessary. I would also be happy to share any results I find with you all as well. I'm also happy to answer any questions you may have or even hop on a call if necessary!</p>

Through a previous public record request, I received a one page booking sheet concerning that arrest, which I have attached, along with the Supervisor of Public Records' decision on that request. The booking sheet states that Officer Bradshaw informed Mr. Johnson of his rights, but does not mention any response. My request here is looking for documents other than that booking sheet. Please note that I am not looking for the name of the victim, which name can be redacted from the records if it appears. Yours, Richard J. Fallon. I already the o [SPR21/3000]

I understand that in the early morning of October 8, 2021, there was a break-in in a Harbor Point apartment on South Point Drive where seven UMass Boston students live. The students report that their computers, iPads, Xbox, wallets, keys, etc. were stolen. I am requesting the police report of this incident for the newspaper.
B001835-101521	10/12/2021	10/15/2021	BPD Media Relations	Kevin Rothstein	WCVB	Hi John, Looking at a few data sets for calls for service over several years, I was wondering how long it would take to provide five years of calls for service to the GeoRA that you provided to Kathy in August or September. At that time you provided calls for service year-to-date for this area: Newmarket Square Area (RA #'s 172, 175, 176, 177, 178, 179, 180) from January 1, 2021 - August 20, 2021. We want to look at prior years, but the data for prior years is not broken down by that RA number, so I can't compare year to year. Do you have something already prepared that you can send me for those RA numbers but going back 3-5 years or so? I can send you a new public records request. Realistically, we don't have time to wait the 10 days allowed, so if there isn't something ready to go or that can be prepared quickly, I would hold off to save us both the time and effort. Kevin

R001615-053122	10/12/2021		Public Schools	Jeremy John		I am writing, briefly, to request one category of Simeon John's Records, and, given the recent changes at the Mission Hill School, I am copying all three of you to ensure that it gets to the right person: Will you please provide me with all emails that refer to, mention, or are otherwise pertaining to Simeon John from his entire time in BPS. Please provide these Records in an electronically searchable format. A little background regarding this request: I requested these from Ayla Gavins in June 2019 along with the rest of Simeon's Records. When I had not received them by July, and later by September 2019, I followed up with Jenerra Williams and Geralyn McLaughlin, reiterating my request. When they provided documents to me in October 2019, they gave me a small stack of printed emails (I am estimating that it was less than 100 total pages of emails) pursuant to my request. That was all the emails that I received. By way of contrast, I requested emails mentioning my daughter Micah John in March 2021, and, once those emails were provided, I received 4,381 pages of email. In light of this, it is not possible that the several dozen emails that Jenerra and Geralyn provided to me in 2019 were all of the emails as requested, so I would appreciate it if you will provide me with all emails mentioning, referring to, or otherwise pertaining to Simeon. I know that this may be laborious, but, in light of the fact that I didn't get them when requested in 2019, I would appreciate it if this request could be expedited in some way. I sincerely appreciate your attention to this request. Best, Jeremy L. John

I am trying to get formal confirmation from City Hall of Essaibi George's 13 years as a teacher in the BPS system -- the years she worked full time and the years she worked part time -- before being elected as an at-large city councilor. BPS, through their press office, said City Hall would have Mrs. Essaibi George's employment data. They explained that because she was a city councilor, her employment records are now at HR at City Hall. This is why I am reaching out to you. Here is the request: I am seeking the dates Essaibi George was employed in the BPS system, including the years she worked full time and the years she was a part time employee. We are reporting a story on her experience as a teacher and this information is pertinent to our story. Thanks in advance for your quick response.

I am a freelance journalist and I am currently writing a piece for Dig Boston about the impacts of rodenticides on wildlife, with a particular focus on the recent spate of bald eagle deaths in the metro area. I am especially interested in information about the City of Boston's rodent management program, especially as I have seen bait stations around the City in what I assume to be municipally managed sites. Since Boston sets a huge example for what other surrounding municipalities do in the metro area and state, I think its use of rodenticides is especially relevant. As such, under the Massachusetts Public Records Law (M. G. L. Chapter 66, Section 10), I am requesting that I be provided a copy of the following records: 1.) Can I get the budget the City has allocated and spent on rodent management the past 3 fiscal years? 2.) Of this or any other budget, how much is expended on rodenticides and in particular, SGARs? 3.) A list of all City-owned and -managed lands/sites where bait stations containing rodenticides, and especially anto-coagulant rodenticides, are present (and if possible a tally of the number of bait stations at each site or aggregated across the City at municipal sites). Please confirm receipt of this email and let me know when I can expect responses. Thank you for your consideration. Sincerely, Laura Kiesel

B001913-102721	10/27/2021	11/2/2021	BAT/HACKNEY	T. McElwee		<p>To Whom It May Concern: Pursuant to the Massachusetts Public Records Law, I hereby request the following records: All records releasable that mention or pertain to the late Evgeny Freidman, an individual who owned multiple taxi cab related corporations in the Boston area. An attached obituary shall serve as proof Freidman has passed away in 2021; as such, privacy interests are diminished. Upon information and belief, the most likely source of records would be the Hackney Carriage Unit. The Freidman-tied firms known to be incorporated in the state of Massachusetts were: Lobster Taxi LLC; Braintree Taxi LLC; Offense Defense Taxi LLC. However, all records of the Boston Police Department concerning Evgeny Freidman should be released regardless of source if retrievable, as the understanding of Mr. Freidman's interactions with law enforcement are a matter of public interest. I also request that, if appropriate, fees be waived as we believe this request is in the public interest, as suggested but not stipulated by the recommendations of the Massachusetts Supervisor of Public Records. The requested documents will be made available to the general public free of charge as part of the public information service at MuckRock.com, processed by a representative of the news media/press and is made in the process of news gathering and not for commercial usage. I expect the request to be filled in an accessible format, including for screen readers, which provide text-to-speech for persons unable to read print. Files that are not accessible to screen readers include, for example, .pdf image files as well as physical documents. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days, as the statute requires.</p> <p>Sincerely, T. In reality, he was having a stroke. A later toxicology report taken at Tufts Medical Center determined that there were no substances -- alcohol or otherwise -- in his bloodstream. Sgt. Thomas Carty, Officer Ismael Almeida, and Officer David Marshall arrested Elbert (Al) Copeland and held him in custody in a cell for about 5 hours before calling an ambulance. Supposedly, an Internal Audit review was done by BPD and determined that these officers did nothing wrong. I would like any and all files related to that Internal Audit.

B001955-110121	11/1/2021	11/2/2021	BPD Media Relations	Deanna Pan	The Boston Globe	Dear Sgt. Det. Boyle, Under the Massachusetts Public Records Law, I am requesting copies of incident reports, FIO reports, 1-1 reports, and any reports created by BPD for the purposes of obtaining a Section 12 and/or Section 35 petition pertaining to a man named Anthony Morter (DOB: ██████████ DOD: July 28, 2021). Please interpret this request as broadly as possible. Specifically, I am seeking reports on the dates in which Morter was arrested or taken into custody by your department. I'd like any reports between January 1, 2019 and his death July 28, 2021, per the state medical examiner. Under CORI, his privacy rights no longer apply since he is deceased. Thank you so much for your help. Please feel free to contact me if you have any questions about my request. Best, Deanna
B001945-110121	11/1/2021	11/1/2021	BPD Media Relations	Bill Nowlin		Last year, due to COVID-19 restrictions, there were no fans permitted at any games held at Fenway Park. With an abbreviated season, the season itself had only 30 home games instead of the usual 81 regular-season games. I was among the media present at the September 20, 2020 game against the New York Yankees. During the eighth inning, a man climbed into the park from the outside and perched near the camera well in center field, apparently having climbed up the wall from Lansdowne Street. The game was interrupted for 10 minutes before he was talked down. Brief press reports afterwards said he was, understandably, placed into custody. Can you let me know where I can go, or how I can access, public police records of the incident? I would like to learn more about who the man was, and how the matter was resolved. Thank you. B001949-110121	11/1/2021	11/16/2021	OPC	kabagambe jjangu		On Sunday October 31st I was driving in downtown Boston on tremont street. I stopped by that stop sign and proceeded on the right where I saw several cars stopped/made a line in front of me and several police officers speaking to folks in their vehicles. I was under the impression that there was some kind of investigation happening/maybe they are looking for someone so they are checking all cars that are passing by that street so I went by myself, without being pulled over and joined the line to wait and see whats going on. As a police officer was coming towards my car while I'm in line I rolled down my window and asked him is everything alright? he proceeds by telling me that I did not stop at the stop sign and gave me a \$50 ticket attached below, saying that for this offense it's usually \$108 or something like that but he's giving me a ticket of \$50. I told him I did stop and he said he have it on his body camera. I asked him how I can obtain the footage of of me being seen by his camera that i did not stop he proceeds by saying something along the lines of he doesn't know I need to find it out myself or something along those lines. I called several numbers and was able to be directed to this page. I'm please asking for the body video footage that a Boston police officer with ID NUMBER: 96998 captured of me not stopping at the stop sign and our entire interaction during the morning of Sunday 10/31/21 at 10:41am at Tremont street@Marginal st, downtown Boston. I am requesting that I be provided a copy of the following records, which I would ask to be sent in electronic copy if possible: all files, reports, investigations, and correspondence about or in relation to "24 Union Avenue" in Jamaica Plain dated from Dec. 2010 to Nov. 2021. B002139-111921	11/19/2021	11/19/2021	BPD Media Relations	Saurabh Datar	WBUR	Dear Sgt. Detective Boyle, Good morning. I hope you're well. Please consider this a public records request under the Massachusetts Public Records Law (M. G. L. Chapter 66, Section 10). I am requesting complete copies of the Boston Police Department incident report #212071868. Please include pages and any supplements containing demographic information such as race, ethnicity, and age. I understand that some records will become available sooner than others. I would like to be provided with each file as it becomes available. Please provide files electronically, in accessible format, including for screen readers. I recognize that you may charge reasonable costs for copies, as well as for personnel time needed to comply with this request. If you expect costs to exceed \$125.00, please provide a detailed fee estimate. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest. I do not believe the records are exempt under MGL Chapter 66, Section 10. However, if you believe the records contain exempt material, the law requires that you redact only that information and release the rest of the documents. Thanks in advance for your cooperation. I look forward to receiving your response in 10 business days, as required by Public Records Law. If you cannot comply with my request, please provide an explanation in writing, as required by the statute. Best, Saurabh Datar Senior Data Reporter, WBUR, Boston's NPR station

R002460-111921	11/19/2021	5/3/2022	Property Management	Phil Brown	Brown Counsel	I am following up on...public records request [R000524-081420]. On July 13, 2021, you provided a response to the request and noted that additional documents would still be · and remain forthcoming. Only two sets of documents, not including any communication between the parties as requested were produced. Additionally, it appears that the documents produced to date are not responsive to the specific requests contained in the January 14, 2020, request. In an effort to help move the production along to completion and in order to avoid any escalation of this matter, we have narrowed the requests to the following: 1. All records of communication for the period of January 2015 to December 2018, between the following parties: 1) the office of Mayor Walsh, Mayor Walsh, his chiefs of staff during the period of 2016-2019 (Dan Koh and Steve Sweeney), and Patrick Brophy and any employee in the office of chief of operations, and 2) Delaware Garden Development Corporation, TD Garden, Delaware North and its affiliates and its management ("Delaware North"), related to the Boston winter holiday market on City Hall Plaza for December 2016, December 2017, and December 2018. 2. All records related to the discussions and/or decisions to cancel the Boston Holiday Market on City Hall Plaza in 2017, and then 2018, and the announcement of the cancellation and renovation project on City Hall Plaza in 2018, including communications between the office of Mayor Walsh, and any employee of the City, and Delaware Garden Development Corporation, TD Garden, Delaware North and its affiliates and its management ("Delaware North"). 3. All records related to the proposals by Lena Romanova and her affiliates Millennial Entertainment Group and Boston Winter Village to organize a winter event on Copley Square in 2017, 2018 and 2019, including communications between the offices of Mayor Walsh and the department of Parks and Recreations (Chris Cook and Ryan Wood). 4. All records related to communications between the City of Boston, Delaware North, Boston Properties, Michael Goldman, Mathew O'Neil and any other third-party representative of Delaware North and Boston Properties, related to the Hub on Causeway, and/or the construction permits of the Hub of Causeway, and participation and/or the financing of the Boston winter holiday market on City Hall Plaza for December 2016, December 2017, and December 2018. The Public Records Law requires you to provide us with a written response within 10 business days. Since the initial request dated January 14, 2020, sent by Derek Moitoso, there have been e-mail exchanges between you and Mr. Moitoso in which you requested more time to respond. However, twenty months have now passed and, as noted above, all that has been produced is two very limited sets of documents, which suggests that there is resistance on the City's part to comply with its statutory duty. We trust that these more limited requests will result in a fulsome and proper disclosure and look forward to receiving a prompt response within the requirements of the statute.

My name is Sasha and I'm a student at Boston University in a class for Fred Bayles, who roughly a week ago wrote my class to instruct us on how to request a police report. I'm a week late, I know. But I'd still like to do the assignment, for Professor Bayles if not for my own pride. I would like to request reports on the complaint numbers 212082869-00 and 212082854-00. I really appreciate your help! If you can send either or both reports, it would be so greatly appreciated! Thank you so much! My classmates and I very much appreciate your aid in our learning about covering police reports! (It's rather fascinating!) Thank you again! Sasha

These specifications should include antenna set designs and shall call out the specific frequencies currently in use by each provider's antenna per each antenna location address. To my knowledge, this information is typically available on the physical approved permit but I am unable to find such detail in the public databases I have access to which include : https://www.boston.gov/departments/broadband-and-cable/licensed-wireless-providers-boston and https://boston.maps.arcgis.com/apps/View/index.html?appid=968bcd0da75f44cca75298153b33ac7f . The above links do not seem to list the frequency specifications unless I am missing these. I have spoken with Mike Lynch's office who directed me to the DPW in part for this detail. Also, I have most recently spoken with Kenny at the DPW and he was going to speak with someone in the office knowledgeable about this detail and get back to me. This was a few weeks ago and I have not been able to reach his office again directly. Since I have not readily found the information I request in the channels available to me please consider this email a formal freedom of information request and kindly respond to this email to confirm receipt and advise on the format and timetable that I should expect a reply from your office with this information. B002240-120821	12/8/2021	2/17/2022	OPC	Alex Marthews		<p>Thank you for providing a partial Privacy Log in response to our Public Records Request. However, there are a number of issues relating to what has been provided. 1. The Privacy Log PDF Is Incomplete Relative to Excel File You provided the Privacy Log as a PDF version of an Excel spreadsheet. As a result, the text in several cells is truncated, meaning that we don't have all of the text we're supposed to have. It tends to be the particularly interesting incidents, that required longer text descriptions, that suffer from this. We would like to receive the Excel file. Here are three examples of why the PDF file is insufficient as it stands:</p> <p>a. On page 11 of 38 of the PDF file, the text reads, in full, as follows: "Privacy Complaint - 12/8/15 Violation Pending On December 8, David Carabin received and reviewed a letter addressed to the BRIC Privacy Committee, from [redacted]. This letter was determined to be a "Privacy Complaint" letter that challenges the BRIC's adherence to its Privacy Policy, and provides accusation that the BRIC has violated Ms. [redacted]'s rights. Synopsis: On August 4th, the BRIC presented at the National Geospatial Preparedness Summit in Washington, DC. The presentation was intended to share GIS (mapping) related lessons learned by the BRIC over the last several years in our efforts to provide support to BPD's special events and critical incidents, and our development of a "Common Operating Picture" (COP) for sharing operational information during such events/incidents in real time. On October 19, we were advised that our presentation was posted on the internet by the hosts of the training conference. We requested that it be removed and destroyed, and our request was honored. Unfortunately, the ACLU and others picked up on it, found it controversial and brought additional attention to it on Twitter. One of the slides includes a photo of our COP while it was being used during the 2015 Boston Marathon. In the photo (attached), there is a stream of information being shared, advising" You can see that we have no idea of what follows the word "advising." b. On page 17 of 38, of the PDF file, the text reads, in full, as follows: "BRIC Visit Request - Digital 4th 3/6/15 Meeting Pending On 3/6/15, David Carabin fielded a phone call with of Digital 4th, requesting a visit to the BRIC for conversations on BRIC policies, activities and accountability. David advised to put his request in writing and I will forward to appropriate personnel (Legal/Media/Bureau Chief) for direction on next steps; but was advised that there are no guarantees that this meeting will be approved, as this is not a typical request or occurrence. followed up immediately with his request in writing (see below), and this was forwarded to Legal, Media and BRIC Leadership for directions on next steps: Dear David, Thank you for your time just now. As we discussed on the phone, we had been in discussions with Sgt. Coleman regarding the possibility of an in-person meeting to discuss privacy and civil liberties implications of fusion center operations. Specifically, and following on from the Public Records Act response you have provided to us, we have some questions that would be very helpful to get some clarity on. The 2013 Fusion Center Assessment - Individual Report that you released to us, though heavily redacted, contained enough information to enable us to ask the following questions. 1. Effectiveness measurement. The BRIC states in the report" You can see that we have no idea of what follows the word "report." c. On page 20, the same problem occurs relating to a Muckrock request. 2. B002320-121621	12/10/2021	12/16/2021	BPD Media Relations	Obey Manayiti		My name is Obey Manayiti and I am a Reporter at the Financial Times, based in New York. I am working on a story regarding organised retail crime (ORC) as well as shoplifting. I am looking for monthly statistics of incidences of both organised retail crime and shoplifting from 2018 to date. I am interested in knowing the trend of these crimes pre-Covid pandemic and during the pandemic. Following up to that, (i) has the pandemic affected your ability to deal with these specific crimes? If so, in what way? Do you have adequate officers to fight these crimes or do you need additional officers? Has the pandemic affected your staffing levels? (ii) Some retailers have expressed concern that some organised retail crimes are not getting the attention that they must, because in some instances, ORC is classified as petty crime on account of the monetary value of goods stolen and they say that is not deterrent enough. What are you doing to distinguish these two crimes? Thank you so much and I am looking forward to hearing from you. If possible, may get the data and your responses by Thursday this week.

B002340-122021	12/20/2021	12/20/2021	BPD Media Relations	Cam Goggins	Live Boston 617	Good afternoon, We respectfully request the redacted records associated with the 209a firearm arrest that was posted on BPD news on Dec 18, 2021. Under MGL per section 8 of Chapter 209a the confidentiality of these records is not a blanket protection that prevents the release of all information, therefor we request a redacted report. "The plaintiff's residential address, residential telephone number and workplace name, address and telephone number, contained within the court records of cases arising out of an action brought by a plaintiff under the provisions of this chapter, shall be confidential and withheld from public inspection" In no part of section 8 of 209a does it prescribe that the responding police district be withheld from the public. That is all we are seeking. There is no reason that this should be the matter in which we have to conduct business, a simple answer to this could save both our organization as well as your department a lot of time in this matter. We are simply attempting to assure that we do not use images of possible 209a victim in an article. The fact that the Boston Police Department is unwilling to work with our organization on this matter is disheartening to say the least. Respectfully, Cam Goggins
B002341-122021	12/20/2021	12/22/2021	BPD Media Relations	Cam Goggins	Live Boston 617	Good afternoon, We respectfully request the redacted records associated with the 209a firearm arrest that was posted on BPD news on Dec 18, 2021. Under MGL per section 8 of Chapter 209a the confidentiality of these records is not a blanket protection that prevents the release of all information, therefor we request a redacted report. "The plaintiff's residential address, residential telephone number and workplace name, address and telephone number, contained within the court records of cases arising out of an action brought by a plaintiff under the provisions of this chapter, shall be confidential and withheld from public inspection" In no part of section 8 of 209a does it prescribe that the responding police district be withheld from the public. That is all we are seeking. There is no reason that this should be the matter in which we have to conduct business, a simple answer to this could save both our organization as well as your department a lot of time in this matter. We are simply attempting to assure that we do not use images of possible 209a victim in an article. The fact that the Boston Police Department is unwilling to work with our organization on this matter is disheartening to say the least. Respectfully, Cam Goggins
B002347-122021	12/20/2021	12/20/2021	BPD Media Relations	Laura Glennon		Good morning. Joseph Montano, Director of Finance and Administration for WHDH-TV and I were at the Boston Police Department A-1 station Friday afternoon, December 17, 2021, to report and file a police report for fraud related to the cashing out of two check payments totaling \$ 114,192.40, which were made payable to WHDH-TV and were intercepted and deposited into a fraudulent bank account by and unknown person. Copies of the attached emails regarding this matter, including case numbers filed with the depositing bank, as well as copies of the stolen checks were provided, along with Joe's business card. We were told at that time by the officer on the desk that a police report would be available in a few hours for pick up at the station. When I went by this morning to pick up the report I was advised that I there were three options to pick up the report and was provided with this email contact information as one of the three options. Please provide an emailed copy of the Police Report written for the fraud matter. Thank you for your assistance with this matter and thank you for the many things the Boston Police Department does for those that live and work in Boston!

B002358-12221	12/22/2021	12/27/2021	BAT/POLICE REPORTS	Giovanna Parker		On October 9, 2021 at approximately 9:38 am I was walking along Pleasure Beach at Castle Island when a man swimming starting yelling for help. I swam out approximately 100 yards and with the assistance of two other men, helped bring the man to shore. When we got him to shore EMS and police had arrived at the scene and starting treating the individual. I never got the name of the man and I don't know to this day what happened to him and if he is still alive. The water was cold and it was a pretty traumatic incident. I am just requesting any public records regarding the event to see if I can gather any more information about what happened. I left the scene shortly after.
