B000005-010322	1/3/2022	1/25/2022	Public Records	Colman Herman	Freelance Reporter	This is a public records request I am making as a private citizen and NOT as a reporter. 1) Officer Eddy Krispin has told me that in order for me to get a copy of an internal affairs report that dealt with a complaint that I had filed as a private citizen – and NOT as a reporter – I must contact BPD media relations. 2) I have repeatedly told Officer Krispin that I am functioning here as a private citizen and NOT as a reporter, and as such, I do not want to risk creating the perception that I am seeking special privileges. 3) Officer Krispin has told me that “The process I [Krispin] explained a[[lies to EVERYONE.” (Emphasis in original) 4) When I asked Officer Krispin to provide me with a copy of the written policy that states what he claims in #3 above, he told me I can make the request for the written policy “through the city.” 5) And so please provide me with a copy of the written policy that states that all requests for internal affairs reports must be made through BPD media relations. But Officer Krispin is refusing to give me a copy of the report. 3) And so I ask you to please provide the final report. 4) Please note that this is not a public records request, given that BPD is required to automatically provide me with the final report, since I am the complainant.

Yasi, I am an attorney who represents Justin Briody, a former tenant of 64 Chelsea Street, Unit 2, Boston, 02128, in a civil lawsuit against his landlord. The landlord is listed as 64 Chelsea Street, LLC and is owned by Daniel Samandarov. Before being constructively evicted from his apartment, Mr. Briody had contacted the City of Boston Inspectional Services to inspect the building. The investigator found numerous violations on September 2, 2021, and found that none of them had been remedied upon re-inspection on October 7, 2021. I attached those two reports for reference here, although they admittedly aren't of the best quality. As an initial matter I was hoping you could forward me cleaner copies of the same. Additionally, I was hoping that you would be so kind as to forward me any additional reports, correspondence, pictures or any other documents that you have regarding the condition of the building, my client's Unit, and/or against the Defendant 64 Chelsea Street, LLC or Daniel Samandarov. You can see the second report says "prosecution recommended" and my client also thought that a hearing may have been scheduled between the City of Boston and the landlord over the alleged violations, so if you have any documents regarding the prosecution/hearing, or could let me know if there is an upcoming hearing date, I would greatly appreciate it. Thank you, P.J.

She also stated that she had email notification lists to alert people to projects and meetings. - The Finance Commission is requesting a list of project; - the email notification lists for each project; -any hard or electronic correspondences supporting or against the projects; -and the hard copy or electronic sign-in sheets for each public meeting that was held regarding each bike lane project. We are requesting documents from January 1, 2017 to January 1, 2022. 2. The Finance Commission has had a number of email correspondences with Chief of Streets, Jascha Franklin-Hodge. In one of those communications Mr. Franklin-Hodge indicated that it is a regular course of business to conduct informal and formal observations of both temporary and permanent bike lanes throughout the City of Boston. Our presumption, in part, is that these observations are done to evaluate the bike lane utilization, the effectiveness of the bike lane installations, and the impact the bike lane installation is having on the community. The Finance Commission is requesting all documents, work-product, reports, notes, interviews, meeting minutes, emails, correspondences, whether hard copy or electronic communications, relative to all formal and informal observations and evaluations of bike lane installations. We are requesting documents from January 1, 2017 to January 1, 2022. Please note that the Finance Commission made an informal request for these documents to Mr. Franklin-Hodge, which was rejected by him. Kindly provide the requested documents by 5:00 PM, Wednesday, January 26, 2022.

B000212-012522	1/25/2022	1/25/2022	BPD Media Relations	Flint McColgan		Hello, I had heard a "Special Order 21-41" (or "21.41, or "2141," I'm not sure of how it would be written) mentioned in the context of citizens without shelter on cold nights. After a quick search (and perhaps because I'm not writing it correctly), I couldn't find any information on this. Is the text of this special order available? If it's not posted anywhere, I'd like a copy of it. Just in general, what are special orders in the context of the Boston Police Department? Who issues them? Also, for your records, I have a new, local phone number (though my old, personal number still works for me if you've already saved it): (857) 347-7474.

And, where I can find out more about the progress of this project? I see the general information on https://www.boston.gov/buildinghousing/gavin-house-2200-dorchester-ave and I am looking to find out some details about the scope of the project, and the funding the organization received or was approved for. I have friends starting an addiction treatment program in NYC, and am curious about how the process worked here. My friends are hoping to do something very similar to the Gavin Foundation.
R000322-020322	2/3/2022	5/13/2022	OPC	Emily Ocasio		I am a student conducting academic research related to newspaper coverage of serious crimes. As part of this research we are analyzing text of newspaper articles in the Boston Globe during the 1975-1984 time period that directly refer to homicides in Boston. We would like to correlate the coverage with the records of actual homicides as collected by the Boston Police Department during that time period. How can I request access to police public records related to homicides, such as daily offense reports, with the identified homicide victim's and suspect's names, and demographic information, where available (sex, race, address)? For this research I would like to collect these reports for the 1975-1984 time periods. Thank you very much for your assistance.

R000351-020522	2/5/2022	2/7/2022	Public Records	David Young		Records/Documents Requested: 1. Documentation showing that the "vaccines" shipped to Boston and administered under the "vaccine mandate" are the below approved vaccines: Comirnaty - Pfizer Spikevax - Moderna 2. Documentation of the peer reviewed "science" in the form of data, studies, medical journals, etc. that prove that cloth masks and/or surgical masks do in fact prevent the transmission of viral particles. 3. Documentation and proof that the "vaccines" do stop the transmission of COVID and will stop me from acquiring COVID. Woke Wu and City Council - Kindly provide the people with proof and documentation that the above two products are indeed the actual products being injected into the bodies of the people in Boston. The above two products are the approved vaccines. Prove to us to they are A) shipping and distributed in America, and B) these are the approved products being administered. If they are not the products in use, then what exactly are you forcing us to take? You're telling me in order to buy food I have to take this "vaccine". Ok, show me that the actual product being administered is an approved vaccine. I'm told I need to take the "vaccine" to be able to buy groceries in Boston, and my daughter has to do the same as well very soon. I have a question. Can you please specify which "vaccine" you are referring to? The FDA did in fact approve a Pfizer and Moderna vaccine. The FDA also approved "emergency use" of "experimental treatments" as well. Please prove to me that the "vaccine" you are forcing me and my daughter to take in order to live and exist in Boston is one of the two actual vaccines that was in fact approved. Neither is currently shipping in the United States, so please prove to me that your "mandate" is an attempt to force me and my daughter to take an actual approved vaccine. Can you please show me the proof that the "vaccines" being administered are actual approved vaccines? If the actual approved vaccines are not even in distribution in America, then please tell me what "vaccine" we are being forced to take?
R000352-020522	2/5/2022	2/7/2022	Public Records	David Young		please provide me with the following: 1. All of the peer reviewed "science" published in credible medical journals and publications that demonstrate how learning and development is impacted with children and students in an educational environment when the student, staff, and teachers are forced to wear a face covering/mask for the entire duration of learning activities. Show me the data that proves that kids wearing masks in schools is NOT harming their learning and development. You have the "mandates" so show me why they are appropriate and necessary.

B000343-020722	2/7/2022	3/30/2022	OPC	Meredith Wright	Critical Content, LLC	I am requesting an opportunity to obtain copies of Lou Pelletier's 911 call, made from his cellular phone on February 14, 2013 at approximately 1:00 PM ET, regarding Boston Children's Hospital's alleged kidnapping of his daughter, Justina Pelletier. Lou Pelletier previously submitted a request through the Massachusetts State Police Department's Cellular 911 & Radio Transmission Recording Request form and was told that "State Police no longer have 911 records dating back to 2013." However, we respectfully request an additional inquiry into this recording as we have reason to believe the recording is available. The call from his cellular phone was made inside of Boston Children's Hospital at 300 Longwood Avenue. Boston PD responded to the scene. I, Meredith Wright, am a Documentary Filmmaker with Los Angeles based production company Critical Content. We feel the recording of the 911 call being requested is pertinent to the general public's understanding of the complex custody case involving Justina Pelletier, the Pelletier Family, Boston Children's Hospital, and The Department Of Children and Families. The recording is crucial to our news and research gathering purposes and will allow us to share the comprehensive story of the events that occurred in 2013 and beyond with the general public.

Related to annual inspections of the property, Are the inspectors within the code department conduct all of the annual inspections, or is there a separate city department or other types of independent team or unit that performs them? 3. Does the city utilize 3rd party inspectors for annual inspections of the property? If yes, what do 3rd party inspectors inspect and who pays for them (how are they funded)? 4. Does your city conduct citizen surveys asking questions about citizen satisfaction with the city's program/ code enforcement program? Regards Parul

B000425-021622	2/16/2022	3/10/2022	OPC	Wendy Ruderman	The Marshall Project	February 16, 2022 Dear Public Records Custodian, I'm a reporter with The Marshall Project, a nonprofit news organization focused on stories about the criminal justice system. With regard to this request, the following definitions are provided, in an effort to use as specific a description as possible: DOCUMENT or DOCUMENTS means and includes both paper documents and electronic representations of information, including handwriting, typewriting, printing, photographing, photocopying, transmitting by electronic mail or facsimile, placing on an internet website, and every other means of recording upon any tangible thing, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored. YOU or YOUR means the Boston Police Department or other sub-agencies or affiliated departments for whom you also act as the custodian of records for public records requests. Unless otherwise specified, the documents specified below are limited to those created or communicated between Jan. 1, 2017 and the date when this request is fulfilled. Pursuant to Massachusetts Public Records Law, I'm writing to request the following: 1. Any records documenting the number of times your agency used force against a person aged 17 or under, including date of incident, age, race, gender and type of force. 2. Any data dictionary that you use to compile use of force data. 3. Your agency's blank use of force form used to compile use of force reports. 4. Any records documenting the type of call, location and subsequent criminal charges, if any. 5. Your agency's use of force policy manual. 6. The total number of officers in your agency currently who carry Conducted Energy Weapons, such as TASERS, as well as the overall number of officers. If you believe that a portion of the information I have requested is exempt from disclosure by express provisions of the law, and if you believe that the public interest in withholding the information clearly outweighs the public interest in disclosure, I request that you identify in writing the harm of release to the public considering the important interest of transparency in government operations, particularly when public funds are involved. I ask that you exercise your discretion to waive any and all costs for complying with this request, as I believe this request is in the public interest and is not for commercial use. Release of this information is in the public interest because it will contribute significantly to public understanding of government operations and activities. If you deny this request for a fee waiver, please advise me in advance of the estimated charges associated with fulfilling this request, pending a review of the documents by me or my designees as to their responsiveness to this request. Where documents contain data in electronic form (e.g. spreadsheets), please make the documents available in electronic form (e.g., Excel, CSV or other database format). If responsive documents are publicly available on the internet, please provide the internet address (URL) rather than by making copies. Where documents are available in image format (e.g., PDF, JPG, GIF or PNG), please make the documents available in that format. I will be happy to discuss with you alternative means of obtaining the same information in ways that may reduce any burden on you or your staff. Please do not hesitate to contact me in this regard. In the interest of expediency, and to minimize the research and/or duplication burden on your staff, please send records electronically if possible. If this is not possible, please notify me before sending to the address listed below. Since time is a factor, please communicate with me by telephone or this email address. If

Can individuals who violate the policy be fined/summonsed/arrested? I'm working on a deadline today for 2 p.m. Please let me know if you have any questions.

R000545-021822	2/18/2022	2/18/2022	City Council	Sean Kelly	Freeman Mathis & Gary, LLP	I am currently researching an issue related to City of Boston Municipal Code Chapter 16, Section 12.3 "Advertising." Specifically, subsections (b) and (c), and the Pilot Program relating to free-standing signs. Code 16-12.3 also cites CBC 1975 Ord. T14 § 287; Ord. 2015 c. 11; Ord. 2016 c. 17 § 1; and Ord. 2018 c. 2, which I cannot seem to locate online or through the services offered online by the City of Boston. I was able to identify Docket #1080 (July 23, 2015, Hearing regarding free standing sidewalk signs) as roughly the initial establishment of the pilot program. Likewise, I was able to identify Dockets #0515 and #1553 (Order for a hearing to discuss free-standing signs on public walkways) and that it noted the pilot program was extended in May of 2018 for an additional year. However, I am unable to identify the Docket numbers or official ordinances, and copies of the same, that extended the program from the initial one-year pilot program (circa July 2015 - July 2016) to the renewal identified in Dockets #0515 and #1553 (May 2018 - May 2019), and its current status. Would it be possible to request a full timeline of City of Boston Municipal Code Chapter 16, Section 12.3, Subsections (b) and (c)? Including any Docket numbers and copies of the Dockets, City Council Hearings, and any corresponding information. Please let me know if this is possible, or if I can offer more information to assist this request. B000500-022522	2/25/2022	3/22/2022	BPD Media Relations	Ivy Scott	Boston Globe	Under the Massachusetts Public Records Law (general law section 98F), I am seeking an electronic copy of the citywide BPD Daily Journal logs from January 1, 2020 through February 24, 2022. I understand the department previously provided this data in an electronic spreadsheet to The Boston Globe for larger time periods, however, I am primarily interested in the past two years. I ask that you include all the fields that are publicly available including: • Incident Number • Date Incident Reported on • Date Incident Occurred on • Reporting District • House number and Street Name of Incident • Offense Code • Offense Description • Name of Suspect(s) and/or Individual(s) Arrested • Suspect(s) House number and Street Name • Arrest # Pursuant to the law, this information must "be public records available without charge to the public during regular business hours and at all other reasonable times." If, however, you believe there are grounds to withhold this information, I ask that you please cite the exemption to public records law that permits this, along with an explanation of how this exemption applies. I understand that you will likely exclude the names of juveniles or of individuals arrested for domestic violence, sexual assault and similar charges (pursuant to the law) and have no objections to this. Please also provide the data in a standard data format, such as an Excel spreadsheet or Google drive link to a GoogleSheets spreadsheet. I understand that these requests have previously been sent via email, however I am also happy to receive the data through a file-sharing service like DropBox if this is easier for the department. I understand the Public Records Law normally requires a response within 10 calendar days (March 7), so will be on the lookout for your response within the coming week. Thank you again very much for your assistance. If you have any questions in the interim, please don't hesitate to reach out. All best, Ivy

R000631-022822	2/28/2022	2/28/2022	OPC	Peirce Peace		My name is Peirce Peace. I am currently a Master's in Public Administration (MPA) student at the University of Massachusetts -Lowell. We as final semester students are asked to complete a capstone project in a desired area of study. Given that I am a student within the Justice Administration concentration, I thought my research topic should focus on the 2020 Massachusetts Police Reform Bill as it pertains to newly adopted use of force measures. Currently, I seek to examine the effectiveness of the freshly enacted 2020 Police Reform bill. Specifically, as a researcher I am trying to analyze use of force data across the state of Massachusetts. I am trying to determine and contribute to the conclusion of if this bill is working in the manner that in which it was intended to. To complete and come to a conclusive answer to this research question, I would need data to represent use of force incidences from the Boston Police Department. We have chosen Boston Police as one of our jurisdictions due to city population to officer ratio. If possible, is there a method to provide access to this information for the purposes of this project? The data would simply be a running total or count of use of force reports preadoption of the 2020 police reform and after enactment of the 2020 police reform, and type of force reported in these occurrences. Respectfully Submitted, Peirce A. Peace

R000681-030322	3/3/2022	3/8/2022	Public Works	Alex Willenbring	Utilimarc	<p>Hello, I am looking to make a public records request, if you are not the correct person to contact, it would be greatly appreciated if you could point me in the right direction of who to make the request to. I am requesting information on vehicles and off-road equipment maintained by the municipality's fleet department during the calendar year of 2021. "Vehicles" in this request would include police vehicles, ambulances, fire trucks, plows, refuse trucks, pickup trucks, service trucks, vans, sedans, motorcycles, etc. "Off-road equipment" in this request would include trailers, lawn mowers, generators, backhoes, trenchers, excavators, dozers, street sweepers, etc. The information requested for each vehicle or off-road equipment should include: ID Number, Status code, Class code, Unit Description, Make, Model, Model Year, VIN, In Service Date, Disposal Date (if applicable), Total Purchase Price, Annual Lease Cost, Annual Depreciation Cost, Annual Mechanic Labor Cost, Annual Vendor Cost, Annual Parts Cost, Annual Fuel Cost, Annual Labor Hours, Annual Miles Driven, Annual Fuel Gallons Consumed, Life-to-date Miles Driven. I am also requesting information on employees who worked within the municipality's fleet department during the calendar year of 2021. An "employee" in this request could include a mechanic, serviceman, foreman, parts person, apprentice mechanic, analyst, clerk, fleet manager, or other administrative positions. The information requested for each employee should include: a unique identifier such as an employee name or id number, job title, hire date, leave date (if employee no longer works with municipality), base wage or salary, loaded wage or salary (including benefits). We understand that you may not want to provide specific employee information, thus feel free to replace an employee name or id with a random placeholder. Only an aggregate of this information will be utilized for our purpose. This data is typically stored in a Fleet Management Information System (FMIS). We are familiar with a variety of FMISs if help is needed in extracting information. We can also provide a secure FTP site to assist in the transfer of relevant txt, csv, or xlsx files. We are conducting a study to better understand the cost of vehicles and equipment operated by municipal organizations. Raw information collected will only be used internally, but aggregate information may be made available to our clients through an online benchmark or pdf report. Attached are templates to help identify the types of information we are looking for at a unit specific and employee level. If you have any questions, please reach out to my email, awillenbring@utilimarc.com, or at my phone number 651-202-0640. Thank you, Alex</p>

This would ideally be some kind of tow log, indicating whether a flatbed truck was used or not. In lieu of such a record, I would request the opportunity to review any available surveillance video taken at the frontage road impound lot between 4:30pm and 5:30pm that day to see how the vehicle was brought into the lot. Any assistance you can provide is greatly appreciated. My primary concern is whether the vehicle was towed properly as it is an all wheel drive vehicle that, if towed improperly, may have endured permanent, long-term damage to the transmission and differential components. B000593-030822	3/8/2022	3/8/2022	BPD Media Relations	Tonya Alanez	The Boston Globe	Dear Sergeant Detective Boyle: This is a request under the Massachusetts Public Records Law (M. G. L. Chapter 66, Section 10). I am requesting that I be provided with a copy of the following records, which I would ask be sent in electronic form (such as a PDF or Word or Excel file), if possible: • Officer Matthew Morrissey's personal file We recognize that you may charge reasonable costs for copies, as well as for personnel time needed to comply with this request. Please notify us of the estimated costs before you start compiling the requested records. The Public Records Law requires you to provide me with a written response within 10 business days. If you cannot comply with my request, you are statutorily required to provide an explanation in writing. We have been told that we cannot have access to the records we are seeking because of an "open and ongoing investigation" but I do not believe that the records I am seeking are exempt. Exemption (f) to the Public Records Law does not create a blanket exemption. Rather, the burden rests on the Department to show as to each requested record that (i) the information contained "would probably so prejudice the possibility of effective law enforcement that such disclosure would not be in the public interest," G.L. c. 4, § 7(26)(f), and (ii) the entire record must be withheld, rather than redacting the information that poses a "grave risk" of disclosing information contrary to the public interest. See Globe Newspaper Co. v. Police Comm'r, 419 Mass. 853, 858 (1995) ("the existence of some exempt information in a document will not justify closure as to all of it because the right to access extends to any nonexempt segregable portion of a public record") (citations omitted).

One of the things we have been asked to get is a record of any 911 calls at the addresses we have lived in for the past five years. How do we go about getting our call records for these periods? We don't need any recordings (and I don't think there were any calls anyway)--just the call records. Alternatively, could you please send us a note or something indicating that there were no calls made to 911 in relation to our apartment unit during the time period mentioned above? Thank you! B000703-031722	3/17/2022	3/18/2022	BIS/Video Evidence Unit	Haydn White		My name is Haydn White, and I work as a personal assistant to Rick and Adrienne Wetmore, the involved parties listed above. Rick and Adrienne were at dinner at Gyu-Kaku Japanese BBQ located at 1002 Beacon St. in Brookline between the hours of approximately 4pm to 6pm on Monday evening, 2/28/22. During their meal, their car was parked on Beacon Street between Park Drive & St. Mary's Street going westbound. Following the meal, they returned to their car and noticed significant damage to the front left bumper, which appears to have been a hit & run scenario that occurred during the meal. No note was left by whoever hit the car, no contact information - nothing at all, so we currently have no way of getting licence plate information to make a claim with our insurance company nor file a report with the police. I have attached photos of the damage, so you can see just how extensive it is. With all of this information, is it possible to get the camera footage of Beacon Street between Park Drive and St. Mary's Street between 4pm & 6pm from 2/28/22? It would be incredibly helpful for insurance purposes if we are able to track down whoever hit the car, so please let me know when you can. I can be contacted by email at haydn.mckenzie.w@gmail.com or by phone at (859) 779-8754.

R000868-032222	3/22/2022	3/23/2022	Public Records	Samuele Petruccelli	The Dorchester Reporter	Hope this request finds you healthy and well. My name is Sam and I'm a reporter looking to obtain public records through a FOIL request. The Redevelopment Authority collected economic indicators from 2013 to 2015. This data is posted on the city's "Analyze Boston" website. I'm requesting the latest data on variables the redevelopment authority was already collecting and posting online. I've attached the city's partial data set to this request for reference. Below are some more details. Pursuant to the Massachusetts Public Records Law, M.G.L. c.66, §10, I hereby request the following records broken down by year and month from January 2015 until the time this request is completed: The number of domestic and international passengers at Logan Airport. The number of international flights at Logan Airport. The hotel occupancy rate in Boston. The average daily rate for a hotel in Boston. Boston's unemployment rate and Boston's labor force participation rate. The number of board approved development project (pipeline) units approved. The total development cost of approved projects. The square footage of approved projects. The number of construction jobs. The number of housing foreclosure petitions in Boston. The number of housing foreclosure deeds in Boston. The median housing sale price in Boston. The number of houses sold in Boston. The number of new housing construction permits, and the number of new affordable housing construction permits in Boston. I also request that, if appropriate, fees be waived as I believe this request is in the public interest, as suggested but not stipulated by the recommendations of the Massachusetts Supervisor of Public Records. The requested documents will be made available to the general public, processed by a representative of the news media/press and is made in the process of news gathering and not for commercial usage. I expect the request to be filled in an accessible format, including for screen readers, which provide text-to-speech for persons unable to read print. Files that are not accessible to screen readers include, for example, .pdf image files as well as physical documents. In the event that fees cannot be waived, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filed electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 calendar days, as the statute requires.

R000904-032422	3/24/2022	4/9/2022	Mayor's Office of Housing (MOH) (formerly DND)	John Keith		<p>Last week, I received a MS Excel spreadsheet with data related to the mayor's proposal to apply a 2% transfer fee on any real estate sale in excess of \$2 million occurring in the city. Included in that spreadsheet was this comment: "Data Source: MOH purchased data from The Warren Group, 2021 sales of \$2m or more. If a transfer fee were implemented, some of these sales could be ineligible if they met any exemptions established as part of the implementation." Presumably, MOH means "Mayor's Office of Housing". It's not clear to me if this is used interchangeably with "DND" or if it means something different. I am requesting records of any communications (emails; letters) between the Department of Neighborhood Development, Mayor's Office, City Council, and The Warren Group between September 1, 2021 and as-of the date you receive this request, regarding any fee requested and/or paid by "MOH" or any other government entity to The Warren Group, and if negotiated, what the actual dollar amount was paid. If an invoice was generated, I would like to see a digital copy of that, too, including any details on what was included in the data provided, as explained to MOH by The Warren Group. Specifically as mentioned in the spreadsheet provided to me last week. Original request: Regarding the number of properties estimated to be affected by Mayor Michelle Wu's proposed 2% real estate transfer "fee" (tax). I am looking for information (address; owner) on the 704 properties that would be affected. "Tim Davis, deputy director for policy and research for the City of Boston, said that in 2021 the transfer tax would have only impacted 704 real estate transactions, mostly in downtown neighborhoods and on the sale of high-end condominiums." See: https://www.wgbh.org/news/politics/2022/02/10/relief-for-seniors-could-improve-boston-real-estate-transfer-taxes-state-house-prospects "We asked the administration to give us the direct number of properties that would've been eligible for this transfer fee this year and it was 704 properties," [Ricardo] Arroyo said. R000945-032922	3/29/2022		A&F	John Adams		<p>Dear custodian of records: Under the Massachusetts Public Records Act § 66-10 we are requesting public records to the collection, budgeting and expenditure of any "impact fees" collected under a Host Community Agreement signed with a licensed cannabis operator in your town, as well as any other donations specified in the Host Community Agreement. If your municipality has not yet spent any funds collected, please provide any relevant records related to plans to expand or return these funds. If there are any fees for searching or copying these records, please inform me if the cost will exceed \$50.
