Please contact me with any questions. March 1, 2022 Hello Ms. Grenham, Below is an email I sent at the beginning of February, however, I've yet to hear back. Attorney David Fredette seems to think that this ballistic's file may have been stored separately from the police report. Below is a recap of what we are looking for: We are seeking a copy of the Firearm Analysis Report and Ballistics File concerning a May 21, 1990 incident involving Terrance A. Blair (5/3/1972) The case number for the report is: 9014205040. Feel free to contact me on my cell phone if you have any questions. February 2, 2022 o Whom It May Concern, See prior email correspondence below. We are seeking a copy of the Firearm Analysis Report and Ballistics File concerning a May 21, 1990 incident involving Terrance A. Blair (5/3/1972) The case number for the report is: 9014205040. Attached is the complaint filed by the Boston Police Department with the Roxbury BMC. If the firearm is still available, we would like to have an expert examine the firearm, ammunition, and any reports or descriptions of the items identified in the police report. As you'll see in the earlier emails, the CD this report was stored on was damaged. I spoke with Attorney David Fredette from your office and he recommended that I send this follow up email request and specifically ask for the Firearm Analysis Report (FAU) and to ask for the Ballistic File. If we are unable to get these reports, we are also interested in having an expert examine the firearm if it hasn't been destroyed. Please feel free to contact me with any questions. January 19, 2022 Hello Shawn, I hope you are doing well. Sorry to bother you with this request again, but I've been redirected back to you. So, I followed your advice and emailed the Boston Police Department directly at: POLICEREPORT@pd.boston.gov. I received the response that'll you see below. I was instructed to contact the Boston Police Legal Department. I spoke with Narteeka at the legal department. She informed me that any requests for access to records needs to go through you, or the City of Boston Public Records Portal. The Boston Police doesn't have the reports we are looking for because the CD which stored the reports was damaged. So, now we are seeking access to the actual physical evidence. Are there any backups of these records if we can't access the CD? Can you allow us access to the evidence in this case?</p>

R001181-042022	4/20/2022	4/21/2022	BIS/VEU	Claudina Lopes		On 3/23 at approximately 8:15pm I was involved in a car accident on Mass. Ave.in front of 801 Mass. Avenue. Boston, Ma. I was traveling on Mass Ave. in a black Nissan Rogue, Ma. Plate #6VEV90 when I was hit by a Gray Honda Civic Rhoda Island Plate# 1B221. I had just left Tufts Medical Center traveling on Harrison Ave towards BMC. I took a left on Mass. Ave. at the intersection of Harrison & Mass Ave. (BMC-emergency entrance) when my car was hit . My car has damages to the bumper, right passage side headlight and front passenger door side of the vehicle. Both myself and the other driver stopped and exchanged information for insurance purposes. Police was called and responded to the scene. The male officer who responded to the scene spoke to both parties. And I left the scene before the other driver left the scene. The following day on 3/24 I called my insurance company to report the accident and filed a claim. I was asked to provide a report be submitted. Upon contacting the Boston Police District D-4 Back Bay/Suth End I learned that police report was never filed for this incident. I was told by officer Lucas a report is not always filed, especially in a case that parties involved are not injured and transported to an area hospital. I was also told however, there is a video that shows the accident regarding the date in question and was told my insurance company can obtain copy for the purpose to determine which driver was at fault. For determine who is at fault, I am requesting that either I or my insurance company allow a copy of this video to determine which parties involved is responsible and which insurance company will be responsible to cover the damage. Thank you in advance for your assistance in regards to this matter and I look forward to hearing from your office. Claudina Lopes

B001206-050622	4/27/2022	6/29/2022	OPC	Adina Alpert	Nitsch Engineering	We are working with the DCR on a roadway project on North Beacon Street and Birmingham Parkway in Brighton, and we would like to obtain the full crash reports for recent years in our project area. The BPD Research Department pointed us your way, so we're hoping you can help us out. The project is along the corridor of North Beacon Street and Birmingham Parkway parallel to I-90, as shown in the attached figure. It extends from Parsons Street on the west end to Market Street and Lincoln Street on the east end. It includes these two intersections: Birmingham Parkway at North Beacon Street (in the middle of the corridor) Birmingham Parkway at Market Street and Lincoln Street. It does NOT include the intersection of North Beacon Street at Parsons Street or the entire rotary immediately to the west. And it also does not include any of I-90 where the project roadways cross over or under that highway. For the intersections, we are interested in any crashes that occurred within the intersection influence area, so extending approximately 500 feet along each of the legs should capture most of what we'd need. We need the 5 most recent years of data, from January 1, 2017 through present. We would like to request that all personally identifiable information in the crash reports be redacted, especially if the reports will be sent to us electronically. And if they will be sent electronically but the file(s) is large (10 MB or greater total), we can set up a link for you on our FTP server to upload the file(s) rather than emailing them because the email might not get delivered. Please let us know if that is the case, and we can set that up and send you the link. Please let us know if there is any additional information that you need.

B001144-050222	5/2/2022	5/3/2022	OPC	Val Uranga	Boise State University	Requesting crime statistics for the following 2021 dates and location: 12/3/21 - 12/5/21 Sheraton 39 Dalton Street Boston, MA On the above dates, some of our Boise State University students stayed in your jurisdiction at the Sheraton Boston located at 39 Dalton Street Boston, MA. According to U.S. federal law, specifically, The Student Right to Know and Campus Security Act of 1990 (renamed the Clery Act in 1998), universities are required to report statistics on all crime that occurred on "non-campus" properties. Because our students traveled to your jurisdiction during 2021, we are requesting the following crime statistics: For the above specified address area, during the listed time frame, I am requesting crime statistics for these categories: Murder/Non-Negligent Manslaughter Negligent Manslaughter Rape (which encompasses rape, sodomy, and sexual assault with an object) Fondling Statutory Rape Incest Robbery Burglary Aggravated Assault Motor Vehicle Theft Arson Domestic violence Dating violence Stalking (Clery Act definitions for these crimes are attached for your convenience) If any of the reported crime statistics were categorized as hate crimes, please list the category of prejudice for each hate crime according to the six categories (race, gender, religion, sexual orientation, ethnicity, national origin, gender identity and disability) for required reporting. Also, please let me know if there were any incidents of larceny; simple assault; intimidation; vandalism or destruction of property, or other crimes involving bodily injury that were classified as hate crimes at the above location on the specified date range. If there were any arrests only for the following categories: 1) Liquor Law Violations, 2) Drug Law Violations and 3) Illegal Weapons Possession; I am required to report those statistics as well. For any of the reported crimes listed above, I need to specify those that were investigated by sworn law enforcement personnel and coded as "unfounded". For the purposes of these statistics, unfounded means that a report of one of the above-mentioned crimes was thoroughly investigated by sworn law enforcement personnel and determined to be false or baseless. I appreciate your assistance in gathering the required crime statistics for only the following area(s) and time period(s); which are considered by the Clery Act to be a "non-campus" property: 12/3/21 - 12/5/21 Sheraton 39 Dalton Street Boston, MA Please return this information as soon as you get an opportunity via email to crimereporting@boisestate.edu or fax (208) 416-6997. We are beginning to process of publishing our annual report and we will need to include these statistics in the final draft by May 15, 2022. I have included a formatted, optional, crime-statistic collection document for your convenience and ease of reporting. Thank you for your assistance with this matter. Sincerely, Val Uranga Assistant Director - Compliance and Crime Analysis Department of Public Safety Boise State University

B001208-050622	5/6/2022	5/20/2022	BAT/POLICE REPORTS	Steve Kim		Hello, I've called a bit before 2pm on the 8th of April, 2022 to report my upstairs neighbor who has been loud with her music (not to mention constant stomping). After biting my lips for months I had to call the loud party hotline because the bass from her music was literally shaking my room. I think the police arrived around 5pm (I had to let them in through front door) and by then I had to go to work so I don't know if the police ended up talking to her or not. Either way, I would really appreciate the police record as I will have to forward this to the building management. Thank you for your time. - Steve
B001209-050622	5/6/2022	5/9/2022	OPC	Steve Kim		Hello, This will be the second time I've used the loud party hotline and it was about 30 minutes past midnight on May 6th, 2022. This time my upstairs neighbor who has been loud with her music generally will not stop playing her music past 11pm, making my sleep impossible. I let the officer in the building 15min after the call and I hoped that was it. Turns out she doesn't give a shit (excuse my language) as the music went even louder after the officer talked to her. Either way, I would really appreciate the police record as I will have to forward this to the building management. Thank you for your time. - Steve

B001268-051322	5/13/2022	5/13/2022	BPD Media Relations	Scott MacEachern	WHDH 7 News	<p>Good morning all Would you be able to provide the police report on the attached which was in the Herald this morning? Thanks S BOSTON HERALD A Boston Public Schools teacher had to take herself to the doctor and then the police station after a student threw "boiling hot" ramen-noodle water on her face – and the school's principal wouldn't call 911, according to a police report. A 14-year-old boy has been sent a summons, being charged as a juvenile with aggravated assault, according to a police report obtained by the Herald from the May 5 incident at the McKinley Middle School. It started when the boy was trying to heat up instant ramen noodles in the microwave, and tried to put a textbook in with them, according to police. The teacher told him not to do that, and went over to take the book away – but the kid snatched it back. The teen "then stood up from his seat and threw his cup of boiling hot ramen noodles at the Victim's face," Boston Police wrote. The teacher later told police that the noodles and water hit the left side of her face, leaving her "in excruciating pain," with her face, ear and left eye "stinging." The teacher went to the school nurse, who treated her and told her to seek further medical attention, so she went to a local urgent-care clinic, and later told police she would be going to her doctor to further evaluate the burns. After going to the urgent care, she went to the local police station to report the incident. "It should be noted that the Victim notified the school's principal about the incident, the principal stated that they would call 911 but did not do so," the police wrote of the leadership of the school on St. Mary's Street in Allston. The school's website lists the principal as Cindie Neilson, who wasn't immediately reachable for comment. Asked for comment, BPS said this "is an unfortunate incident that took place at the McKinley, and actions were taken to ensure the safety of the staff member involved and appropriate interventions have occurred." "Both Boston Police and the BPS Safety Services have a report of the incident, and it is being reviewed by the appropriate BPS staff," the district continued. "Our protocol when such incidents occur is to put in place a safety plan for everyone involved, which is currently underway." A teacher at the school told the Herald that the incident and the response to it "really made staff upset and worried" after the principal didn't call for an ambulance. City Councilor Michael Flaherty, the council's public safety chair, said the school's response is "indefensible." "I am inflamed that the principal did not call 911 after an incident of this caliber," he told the Herald. "I demand an independent investigation as to what happened and why school leadership did not call 911 given the violent nature of the incident and the resulting injuries to one of our teachers." High-profile incidents at the schools have made the headlines as students returned this year, following tumultuous years disrupted by the pandemic and now with a renewed push to keep police out of schools. Flaherty and City Council President Ed Flynn exchanged jabs with the district a couple of weeks ago after back-to-back days of incidents at the Condon school in South Boston when a flyer with a swastika turned up one day and then a bullet appeared in a toilet the next. Last year, a student in Dorchester was accused of beating a principal unconscious. Different days have brought reports of bullets around schools, fights and threats. Earlier Thursday, the Boston Globe reported on an incident in which a family said BPS didn't call 911 when a child was having a stroke – and instead called social services on the boy's mother after she pressed them.</p>

B001299-051622	5/16/2022		OPC	Erin Stewart		To Whom It May Concern: Pursuant to the Massachusetts Public Records Law, I hereby request the following records: To whoever it may concern: This letter constitutes a request pursuant to the Public Records Act, M. G. L.c.66, §10, for public records in the custody of your police department. Under the Criminal Justice Reform Act, school districts and law enforcement agencies must "specify the manner and division of responsibility for collecting and reporting the school-based arrests, citations and court referrals of students to the Department of Elementary and Secondary Education" (DESE). DESE began collecting data on school-related arrests in the 2018-19 school year. In the 2019-20 school year, DESE has expanded that collection to include data on all referrals to law enforcement. DESE has defined these terms as follows, borrowing the same definitions used by the U.S. Department of Education since its 2009 Civil Rights Data Collection. A school-related arrest "[r]efers to an arrest of a student for any activity conducted on school grounds, during off campus school activities (including while taking school transportation), or due to a referral by any school official. All school-related arrests are considered referrals to law enforcement." R001521-052022	5/19/2022	6/2/2022	Public Schools	Laura Ortiz		<p>[1] We would like a copy of the assignment "8th grade civics class student assignments written about various neighborhoods in Boston as part of an 8th grade civic action project were recently posted in our school library" for generating this poem (see attached exhibit 1) and we believe the teachers name is Mrs. Arnold and this was again an 8th grade civics class. Please also see the electronic copy of a letter that BLS sent to parents (see below exhibit 2) that further describes this assignment and impact on the students and community, to assist with gathering the records we seek. [2] We would like a copy of any emails regarding the authorization for posting of this poem and the "8th grade civics class student assignments written about various neighborhoods in Boston as part of an 8th grade civic action project were recently posted in our school library" on the BLS library wall for this exhibit. Therefore, a copy in regards to this for any communication between 8th grade Civics Educator Mrs. Arnold and: a) the Head of Schools Ms. Skerritt b) Associate Head of Schools Mr. Mulhern c) or if applicable other decision maker(s) that approved this if not a) or b) Time Period for a), b) and c): We believe based on Exhibit 2 below that this was a recent assignment so we request a timeline of 5/12/22-5/19/22. Please let us know however if any email chains show that the discussion was prior to 5/12/22 so that we can work with the RAO to widen the scope if necessary but not burden the records productions. After speaking to the Office of Legal Advisors at Boston Public School District (BPSD) for custodial assistance to narrow this public records scope, please note that we do NOT seek ANY FERPA records whatsoever for [2] a), b) or c). These public record emails should not be privileged nor exempt, nor have any necessity to redact if at all, and we have knowledge they exist and that they show that BLS administration and/or administrative level decisions were made to allow this lesson's exhibit to be displayed in a very public area of the school that requires all students to be able to access freely. Further this is an extremely narrowed search with enough description and dates that these records will be easy to locate and gather etc. [3] Copy of the syllabus and/or curriculum that Mrs. Arnold was teaching for that unit that generated this assignment "8th grade civics class student assignments written about various neighborhoods in Boston as part of an 8th grade civic action project were recently posted in our school library" [4] Copy of all model poems or writings that were given to students for this assignment to model their writings of "8th grade civics class student assignments written about various neighborhoods in Boston as part of an 8th grade civic action project were recently posted in our school library" we have knowledge that writing examples were shared with students and already exist, and note that once again we do not seek any FERPA records so examples should not be privileged nor exempt. We would like to receive these [1], [2], [3] and [4] public records electronically and with all fees waived given the tremendous public interest and also for transparency in BLS's culturally responsive practices in curriculum and pedagogy that allowed either an assignment like this given BLS and BPSD's incredibly diverse student population and community and/or displayed it publicly requiring any student to have to be subjected to it in order to access BLS's instruction and curriculum to receive FAPE. We have no issues working with the RAO, and can accept these as rolling records and also in batches, and also can break up the days of the [2] emails into daily if any of the days for example triggered a high volume etc or also can separate [1]-[4] into batches etc, so we proactively s</p>

B001409-052622	5/26/2022	5/26/2022	BPD Media Relations	Victoria Price		Jan 12, Tavern at the End of the World, Charlestown, robbery Thanks! Victoria A bartender at the Tavern at the End of the World, 108 Cambridge St., in Charlestown, today recounted an early morning armed robbery in which a gunman repeatedly threatened to just shoot him as they rummaged the bar for money. The bartender told his story of what happened early on Jan. 12 to the Boston Licensing Board - which held a hearing because after the bartender reported the robbery, police cited the bar for having two customers on the premises at 2:45 a.m. - 15 minutes later than allowed. The bartender said the two men who were there past closing were not served drinks past the official closing time of 2 a.m. - bars then have a half-hour grace period to let customers finish up their orders. And they were there because he was trying to do a good deed on a bitterly cold night: The two were plumbers who had done work for the bar and he offered them a ride home if they could wait until after he had finished closing up the place for the night. Around 2:45 a.m., after cleaning up and putting chairs up on tables, he told the board, he went out back to throw out the trash. "A man popped up, masked, wearing a hat," he said. The man flashed a badge that he claimed showed he was with the state Alcoholic Beverages Control Commission, which also regulates liquor licenses, and said he was going to nail the bar for those two guys inside. Major violation, the "inspector" said, in fact, he was going to write the bar up right now. They went inside, the bartender explained to the plumbers he couldn't give them a ride home and they left. "I was pretty upset with myself," because of the seriousness of such a violation, he recalled. "I turn around, the man pulls out a gun." He said he told the guy: "Hey man, if you're going to write me a ticket, you don't have to have a gun out." The guy then admitted he wasn't with the state; he was there to rob the place. And for 20 minutes, he did just that, the bartender said. With the gun pointed at him, he made the bartender empty the till. "He had the gun at the back of my head, at one point, I felt it at the back of my neck." But that wasn't enough; he demanded the bartender take him to the bar safe and open it up for him. Only problem: The bar didn't have a safe. "I'm going to shoot you if you don't tell me where the safe is," the robber said. The bartender got an inspiration: He led the man downstairs, where he knew there was, if not a safe, a small metal box with about \$100 in singles inside. As he was retrieving it, he said, the robber began ranting: "He's holding me at gunpoint, telling me he's with the mob, that the Irish owed the Italians in Providence a lot of money, and all this 'Goodfellas' stuff." The two then went back upstairs, the bartender with a gun to his back as they climbed the stairs. Then, he said they went out back, through the bar patio and to the corner, where the man left the steel box and then, still pointing a gun, led the bartender back into the bar and ordered him to smash the bar phone and demanded the bartender's cell phone. "I should just waste you right now," he said the robber told him. "To which I replied, I just want to go home to my dog." Then, finally, the robber left. The bartender said the first thing he did was get down on the floor and "serpentine" his way to the back door and locked it - he said he was worried that if he walked there, the guy might be outside and finally make good on his threat to shoot him. With no way to contact police, he said, he got in his car and drove to his home in a nearby town - taking an odd route just in case the guy was following him - and banged on his neighbor's door. She let him in to use her phone to call his bosses and police - who told him he would have to come into the station to fi

B001513-060722	6/7/2022		OPC	Monica Cannon-Grant		<p>Good Evening All, On June 2nd, 2022 my son Narayan Jones was pulled over on Washington Street near Archer Place in Roxbury. The officers state his registration had expired on May 31st, 2022. Monday was Memorial Day. This vehicle has insurance. He calls me telling me he didn't realize it expired but he has insurance cause he is on my policy. I tell him just go to the RMV website and renew it. As he is doing that the officers demand that he exits the vehicle. The last thing my son said to me was "Mommy I need you to come, they called for Back up". My son has no CORI but has been pulled over at least once a week by Boston Police and/or State Police while commuting back and forth. Once they exit the vehicle, my son states that he does not condone a search because there is nothing in his vehicle. They began to search all 5 boys and allegedly one of the passengers who has an ankle bracelet they retrieve a Firearm on his person. Immediately over 7 officers began to Choke all 5 boys. My son begins to shake the officer asks him why he is shaking and he says "Because I've never been choked by the Police before" but also choking leads to death for black young men. They take a picture of my son and take his license. They decide to ransack and tow his car in spite of the RMV website stating that you have 60 days to renew registration and that if it expired in May you have until July. His expired May 31st. Pulled over June 2nd and we renewed it June 4th. Please see attachment.</p> <p>https://blog.mass.gov/transportation/rmv/registry-of-motor-vehicles-extends-renewal-deadlines-for-motor-vehicle-registrations/ We renewed his registration Saturday, June 4th, 2022 and picked up his vehicle. Today we receive in the mail a criminal citation for unregistered mv and excessive tints along with his license that they kept, neither of these are criminal offenses. Today is also the last day to sign the citation to receive a hearing which makes no sense. My son gets pulled over at least once a week. I am formally requesting a review and copy of the camera footage regarding this stop as it happen directly across from B-2 Police Station in Roxbury which has cameras and Dunkin Donuts which also has cameras. In addition I am formally requesting through the Freedom of Information Act a copy of every time my son's license Plate has been run by Boston Police and or Pulled over by Boston Police. It's one thing to fight for my life as a Black Activist in this city but the constant racial profiling and harassment have to stop. I have remained silent but the exception is my child! Imagine choking the kid of the woman that lead the ONLY PEACEFUL PROTEST OF 55,000 PEOPLE for the man Police choked to death. Thank you, Monica Cannon-Grant 617-606-0385</p>

R001715-060822	6/8/2022	7/25/2022	Public Schools	Jeremy John		<p>I would like a copy of Joseph E. Coffey's June 3, 2015 Investigative Report and a copy of his August 18, 2015 Addendum as described below: On June 3, 2015, then-Superintendent John McDonough of the Boston Public Schools retained Attorney Joseph E. Coffey to conduct an investigation into allegations that Ayla Gavins, among other concerns, engaged in conduct unbecoming a principal. Attorney Coffey made factual findings in response to allegations that MH Admin 3 acted inappropriately by 1) failing to provide specialized instruction by certified special educational ("SPED") teachers; 2) failing to support special education program teachers and students; 3) failing to take action to protect the mental and physical well-being of students including but not limited to the manner in which students are restrained and/or reassigned because of their conduct; 4) failing to have proper reporting mechanisms or complete reporting of incidents; 5) violating BPS policies, rules and procedures including but not limited to uncertified teachers, improper child restraints, corporal punishment, child abuse and neglect; and 6) creating a culture of fear, threats, or intimidation in violation of the BPS nondiscriminatory policy. Based on sixteen specific findings reached in Attorney Coffey's report, Attorney Coffey concluded that Ayla Gavins 3 was accountable for several failures at the School during SY 2014-2015. Specifically, Attorney Coffey found that Ayla Gavins did not comply with the legal and regulatory mandates to ensure that the needs of special education students at the Mission Hill School were being met; that she had failed to address issues regarding the appropriate use of restraints by staff and the discipline of students by staff; and that she had failed to comply with the ESL staffing requirement at the school during the 2014-2015 school year. Additionally, Attorney Coffey concluded that Ayla Gavins asked Mission Hill School staff to misrepresent the School's delivery of ESL services and submit fabricated lists that falsely designated ELL students' assignment to certified teachers to appear to be in compliance "on paper." As a result of these findings, Attorney Coffey concluded that Ayla Gavins' actions amounted to conduct unbecoming a principal and that discipline was warranted based on his investigation. On August 18, 2015, Attorney Coffey issued an addendum to his June 3, 2015 report providing supplemental findings based on information he had received since issuing his original report. New information included reports from Mission Hill School staff that remedial actions and audits, and in particular, audits for the ESL and SPED programs, did not occur, that Mission Hill School frequently assigned uncertified paraprofessionals and interns to teach classrooms on short-term and extended bases, that Mission Hill School, and Ayla Gavins in particular, did not require nor encourage CPI training or maintain a restraint log, which has led to improper use of physical restraints by staff, and that staff members who cooperated with the investigation feared retaliation by Ayla Gavins for speaking with him in connection with his investigation. Attorney Coffey reaffirmed the conclusion made in his June 3, 2015 report that Ayla Gavins' conduct was conduct unbecoming a principal.</p>

B001553-060922	6/9/2022	6/10/2022	BPD Media Relations	Ivy Scott	Boston Globe	Thank you so much for sending, but I don't think it's possible to isolate single calendar year-to-dates on the dashboard (i.e. if I wanted to look at just 1/1 - 6/5 for 2020 or 2019). I also don't believe the dashboard distinguishes between fatal and nonfatal shootings like the BRIC stats do. I went back through the old BPD stats to see if previous BRIC reports were available but there is a gap of about 17 months between April 5, 2019, and September 5, 2020, so just included my four questions below: (1) How many shootings (fatal, nonfatal, and total) occurred between 1/1 and 6/5 in calendar years 2020 and 2019? (2) How many firearm-related arrests were made during that time period in calendar years 2020 and 2019? (3) (This is probably a question for Sgt Boyle, or for Commissioner Long if he wants to comment) What do you attribute the relatively low number of shootings in Boston to, compared to other cities? What approach have police taken recently to combatting gun violence in the city, and in what ways is that approach effective? (4) How has BPD partnered with other agencies & organizations in the city to protect residents from gun violence? Has the police approach changed or intensified at all in response to the mass shootings happening across the country? Also, if the BRIC keeps data on total number of guns taken off the streets, I'd be curious to know how many guns police have seized so far this year (2022), and how many of those were unlicensed/unregistered? Thanks, Ivy

Specifically, I am seeking: The FY23 Title I For English Learners Budget Plans for each BPS Title I school. To help in locating these records, I can tell you that they are submitted by the schools in October-January and form the basis for part of the BPS budget presented in early February. They are usually one page long. The records I seek include the following five kinds of information: -The amount of Title I funds to be spent by each school for English learners, - A brief description of how the service/activity is supplemental, - How it will solely benefit EL students, - How it is tailored to meet the language needs of EL students, and - How it will primarily support ELD 1 and 2 students. I edit the Boston Parents Schoolyard News blog and intend to report on these records on the blog. I request that you waive fees in the public interest in fulfilling this request. The blog depends on volunteer work and has no commercial ventures. In the event that you decide not to waive fees, please provide me with a detailed, itemized, written, good faith estimate for the cost of complying, including the hourly rate and the number of hours required for each portion of the task, in advance of fulfilling these requests. To minimize costs, if responsive records are available on public websites, please provide an index of such records and the url or link to the record in lieu of a copy of the record. Sincerely, Alain Jehlen [617 501-5339] [SPR22/1624]
