B002625-092322	7/1/2022	9/23/2022	BPD Media Relations	Katie McGrath	Smithsonian TV	Hi there, My name's Katie McGrath and I'm an Archive Producer from the U.K currently working with the Smithsonian Channel on a documentary series called Ten Steps. It reveals the key steps that have contributed to some of the worst events in history. Each was caused by a catalogue of instances that we shine a fresh light on. Ultimately, it uncovers brand new revelations about some of the world's biggest catastrophes. For one episode, we're focusing on the Boston Marathon Bombings. We aim to weave archive footage with interviews from experts, witnesses, and survivors. In order to bring this story to life, we are gathering the strongest archive we can so that our viewers are informed and educated; all material is dealt with in a respectful and sensitive manner. In this spirit, I wonder if you'd be kind enough to share any Public Domain material the police department has from this event in a bid to inform and educate our viewers about this moment in history. We'd be looking to obtain any footage, audio, stills or reports that you have from this event in history. The Smithsonian is keen to shed light on this matter in a sensitive and respectful manner. Any guidance you could provide would be most appreciated. Best wishes, Katie Katie McGrath Archive Producer Blink Films, Bankstock Building, 42-44 De Beauvoir Crescent, London N1 5SB

R001985-070622	7/6/2022	7/7/2022	Inspectional Services	Erin Chow		All City of Boston Inspectional Services Department records about complaints and housing inspection forms made by Sharon Jackson or Bert Halm regarding 16 Sutton Street Apartment 2 Mattapan, MA 02126 from 2019 until 2022. I am the Harvard Legal Aid Bureau student attorney for Ms. Jackson and Mr. Halm. I know Ms. Jackson contacted ISD three times regarding lack of heat in the fall of 2019, 2020, and 2021. I have a copy of an ISD housing inspection form, but it is not dated. The inspector's full name on the form is illegible, but the first name is Yolanda. The inspector number is either 127454 or 127459. I would like to verify the date of this inspection, who conducted the inspection, and what actions the inspector took to remedy the lack of heat after the inspection. I would like the same information for the other two instances when Ms. Jackson complained about lack of heat to ISD.
R001986-070622	7/6/2022	7/7/2022	Inspectional Services	Barbara Martin		Copy of Inspection Report for 163 Saratoga St., Apt 1, East Boston. Inspection performed December 8, 2021. I think I am correct about the date of the inspection; if I am wrong, it was during that first week of December (12/6 - 12/10). The complaint was lodged by Heather Lynch Hennessey for a non-functioning toilet, no hot water, and roaches. The landlord is Ralph DeLeo. The inspector's first name is Sherea, I believe. Heather was never left with a copy of that report. Thank you for your help.
B001794-070622	7/6/2022	7/6/2022	BAT/POLICE REPORTS	Erin Chow		Police report after Ms. Sharon Jackson called about Edward Bryan (landlord) refusing to unlock an electrical box to turn on the electricity to her apartment. Ms. Jackson called the police upon Eversource's recommendation. An Eversource technician was present. When the police arrived at 16 Sutton Street Apt 2, Mattapan, MA 02126 and rang the landlord's doorbell to Apt 1, the police called the fire department to pry open the lock to the electrical box to turn on the power. Police told Ms. Jackson that she would be able to collect a police report about the incident later. I am Ms. Jackson's Harvard Legal Aid Bureau student attorney seeking this police report.

B001829-070822	7/8/2022	7/8/2022	BAT/POLICE REPORTS	LaQueen Battle	Battle First Aid Responder Services, Inc	<p>July 8, 2022 Please look at Fenway Park LD-04 Concession Stand soda water/soda fountain co2 gas canisters near the Back Freezer. First floor concession stand near employee entrance. A concession stand fire was reported on the Holiday July 4th, 2022... game between Boston Red Sox and Tampa Bay Rays. It was on the second floor concession stand near the center of the audience and over 10,000 fans in attendance for the Fourth of July holiday. ...I worked the following day on Tuesday, July 5th, 2022 and was informed about the fire on the second fire (or I might have worked that same concession stand where the fire was reported) and I worked as a dishwasher to help clean up the "2 silver and red fire extinguishers" that "might" have been an issue or also might have been a task for me to do on the 2nd floor concession stand near the Center Main Restaurant. On Tuesday, July 5th...a health inspection was involved at Fenway Park and my manager David Gonzalez, was informed that the "hot water" Was not working on the concession stand 2nd floor. It appeared that I should have informed the manager that the hot water was not working, even though I worked the dishwasher (during the 8:30am-3:30pm shift on the 2nd floor on 7/5/2022); when the Boston Health inspector came by to check out the concession stands throughout the entire stadium. Also, tonight on Thursday, July 7, 2022...I observed 4 - 6 foot tall co2 canisters in the back of the first floor concession stand where I worked. There had been several employees taking turns (looked like they were monitoring the co2 canister or keeping them under observation. I worked the 3 gas stove fryer cooker and the first left fryer was not heating correctly at 125-135' degrees, when it should have been up to full temperature at 175'-185' degrees temperature Fahrenheit. I told my manager at Instawork and Fenway Park management about the situation and they told me to address with management. There also might been several concession stands at Fenway Park with the same issue (old gas co2 canisters that need to be replaced). Please help. At the time I made the request, I knew about three IA investigations and provided those IA numbers, but that wasn't meant to be a complete list as I wasn't sure if there were more. Since my request, I learned about three more IA investigations. The numbers for those are IAD2014-0518, IAD2014-0041, and IAD2015-0037. Can you pull these files as well? Best, Eric

B001861-071122	7/11/2022	7/12/2022	BAT/POLICE REPORTS	April Burr	Jaffe, Hanle, Whisonant, & Knight	09/12/2021: O'NEILL's sister called Boston PD to report an "emotionally disturbed person." Her sister said O'NEILL told her she was going to kill herself by taking PERNICE's prescription pills. Her sister said she had a history of suicidal ideations. Officers went to O'NEILL's apartment, but she wasn't home. BPD pinged her cell phone and it showed she was traveling so multiple agencies were notified. On or about 10/24/2021, O'NEILL attempted to extort PERNICE by threatening to divulge damaging personal information about him to the PGA Tour and others if she was not paid approximately \$50,000, \$25,000 that had been reversed in 06/2021 and an additional \$25,000. Boston PD report #21-2065199. SPD extortion case #22-13722 (case disposition still pending); 11/27/2021: O'NEILL reported the same exact incident that MPD refused to take TWICE, to Boston PD. Boston PD took a report and charged PERNICE with two counts of "intimidating a witness." An interesting variation is seen. O'NEILL reported to MPD that PERNICE told her that if you don't file the lawsuit and agree not to testify against me, I won't file criminal charges against you for theft. O'NEILL reported to Boston PD he said, if you don't file the lawsuit, I won't file my report against you as long as you agree not to testify against me in any of the criminal stuff. I got a copy of the report and evidence. The 1st charge has no evidence to support it as she states he threatened her on a phone call that was not recorded, and no one was witness to. The second charge is based off him texting her, "Just drop it. I'm not going to file any charges against you as long as you don't keep going w/ all your ridiculous accusations against me to the police. Easy. Stop. And go on in your life." There is no mention of a lawsuit or testifying as O'NEILL falsely reported. I noted O'NEILL had sent several texts to PERNICE prior to his text and I was alarmed to see a partial text from her that stated, "private and damaging information to the Tour and others if her monetary demands are not" which lends to his claims she is trying to extort him. Boston PD report #21-2086786.

R002050-071222	7/12/2022	12/19/2022	OPC	Joseph Rowland		Hello, I'm seeking a copy of the record of homicide cases kept by the Boston Police Department between January 1st, 1909 (or whenever the earliest year is) to January 1st, 1963. These records are on-paper and probably span many pages, so I am open to coming on-site and personally scanning them if necessary. The records are likely in tabular format, with a row for each incident and fields for date of incident, victim name, victim demographic info, detective or squad assigned, cause of death, suspect(s), demographic info of suspect (s), date of arrest, address of incident, police district, incident #, and other fields. I originally made this request to SCDAO, and they told me that the SCDAO only retains homicide records for 50 years, so they don't have a copy. My intention is to add the pre-1963 data to an existing dataset of 1963-2022 Boston Homicides. Any suspect names will be withheld from the general public and can be redacted or withheld from my request. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. Thank you.

R002082-071522	7/15/2022	9/16/2022	Schools-Press	Colman Herman	Freelance Reporter	This is a public records request. On July 6, 2022, I wrote the following to Amelia Aubourg, a press officer with Boston Public Schools. "Brenda Cassellius' separation agreement states that she will be paid the sum of \$1,143 times the total number of days that she has accrued for three items: 1) vacation time, 2) personal time, and 3) sick time, all of which was to be calculated when she leaves the job." "She has left the job. So would you please provide me with dollar amounts for each of the three items?" Please provide me with this information by this Friday. On July 13, 2022, Ms. Aubourg responded to me as follows. We are unable to provide this information as she is still employed by BPS until July 15th. On July 13, 2022, I responded to Ms. Aubourg as follows. The Globe wrote the following today. Drew Echelson, the interim leader of the district for the two months between Brenda Cassellius's departure last month and Mary Skipper taking on the role for the new school year, is responsible for accomplishing nearly half of the measures in the improvement plan city and state leaders agreed to last month. [emphasis added] https://www.bostonglobe.com/2022/07/13/metro/boston-school-committee-hear-first-progress-report-state-improvement-plan/ The Globe says she has left; you say she's still here. Please clarify this on Thursday. On July 14, 2022, Ms. Aubourg called and for some reason wanted to speak with me off the record, which I declined to do. Later on in the day, Ms. Aubourg wrote the following to me, which was not very different from what she said in #2 above. We are unable to provide this information as she is still employed by BPS until July 15th. Her payout will not be reflected in payroll records until August. I would like to gain an understanding of why former Superintendent Cassellius has stayed on. ***To that end, please provide me with copies of any and all communications sent and received by former Superintendent Cassellius for the period July 1, 2022 to the present,**** Please note that I am submitting this public records request in my capacity as a freelance reporter with no affiliation with any particular media outlet. B001985-072222	7/22/2022	7/22/2022	BPD Media Relations	Mark morales	CNN	Hello, I hope all is well. I was wondering if you had the number of shooting victims that are 16 years old and younger so far this year? In addition, I was also hoping for the number of those shooting victims in that age group in each of the last five years. We're trying to do a story spanning multiple cities that concern children who have been injured or killed by gunfire. We'd like to show whether or not the number of children shot has increased or decreased in recent years? I'm on my cell if you have any questions for me. Thanks so much, MM
B001986-072222	7/22/2022	7/22/2022	BPD Media Relations	Katie McGrath	Smithsonian TV	Hi there, My name's Katie McGrath and I'm an Archive Producer from the U.K currently working with the Smithsonian Channel on a documentary series called Ten Steps. It reveals the key steps that have contributed to some of the worst events in history. Each was caused by a catalogue of instances that we shine a fresh light on. Ultimately, it uncovers brand new revelations about some of the world's biggest catastrophes. For one episode, we're focusing on the Boston Marathon Bombings. We aim to weave archive footage with interviews from experts, witnesses, and survivors. In order to bring this story to life, we are gathering the strongest archive we can so that our viewers are informed and educated; all material is dealt with in a respectful and sensitive manner. In this spirit, I wonder if you'd be kind enough to share any Public Domain material the police department has from this event in a bid to inform and educate our viewers about this moment in history. We'd be looking to obtain any footage, audio, stills or reports that you have from this event in history. The Smithsonian is keen to shed light on this matter in a sensitive and respectful manner. Any guidance you could provide would be most appreciated. Best wishes, Katie

We are looking for some information and records involving a few incidents described below. Our deadline is 2 p.m. Tuesday (Aug 2). In addition to the questions below, we would also like to request interviews with Capt John Danilecki and Officer Jason Turcotte. Thank you in advance, Andrew a) 3/30/2019 interaction with David Nave (DOB [REDACTED]) and Capt John Danilecki in the area of Adams and Whitman streets or Adams and King streets in Dorchester. I'd like a copy any BPD Incident History #P190153802. I'd like the police report or FIOE report (or any other report) written by Capt John Danileck about the above interaction Separately I'd also like details and records from IAD case IAD2019-0124, which involves Capt Danilecki and is based on a complaint filed by Mr. Nave. Our records show that there were six allegations against Capt Danilecki and four were sustained - Use of Force, Neglect of Duty, Completion of FIOE Report, and truthfulness. Mr. Nave says that there was a surveillance video that captured the interaction and that IAD has obtained a copy of the video. Is that accurate? Can we, under the state open record law, get a copy of the video? Can we get an update on the status of IAD2019-0124 and an update on the current status of Capt Danilecki with BPD? The most current IAD log we have says that IAD2019-0124 was forwarded "To OPC." Does that mean the case has been sent to the "Office of the Police Commissioner"? Did BPD notify the Suffolk DA's office about this incident? Or has BPD been in contact with Suffolk DA's office about this incident? Can you provide specifics? b) 3/14/2020 interaction between Officer Jason Turcotte and John Suttles (DOB [REDACTED]) along the sidewalk outside of 774-780 Albany Street I'd like the police report or FIOE report (or any other report) written by Officer Jason Turcotte about the above interaction. Separately I'd also like details and records from IAD case IAD2020-0239, which involves Officer Turcotte and Mr Suttles. Our records show that there were two allegations against Officer Turcotte - Use of Force and Neglect of Duty - and that Mr. Suttles required medical attention. Can we, under the state open record law, request a copy of any video in BPD's possession that captured the above incident? Can we get an update on the status of IAD2020-0239 and an update on the current status of Officer Turcotte with BPD? The most current IAD log we have says that IAD2020-0239 was forwarded "To ACD." He was allegedly among a group of three individuals who were present in the area of Polk Street near Charlestown High School on June 13, as the school's graduation festivities was underway. The three encountered a larger group of approximately eight individuals at approximately 3:53 p.m. Within three minutes, members of Resende's group opened fire on the larger group. One member of the larger group returned fire. The shooting sent frantic graduates, loved ones and school staff fleeing from Charlestown High School's graduation ceremony. No gun shot injuries were reported, but two vehicles sustained damage from the hail of bullets. One bullet went through a building's exterior wall and into an apartment inside. Fortunately, no one was in the apartment at the time and no injuries occurred. Detectives were able to identify Resende from security footage and located his current address in Brockton. A search warrant executed at the residence resulted in the recovery of a 9mm Glock 26 semi-automatic firearm. Thanks very much. rgds jre

R002423-082322	8/23/2022	3/3/2023	Elections	Michael Dennis		Cast Vote Record" (CVR), General Election held on November 3, 2020 This request under Massachusetts Public Records Law, M.G.L. Ch. 66 Section 10 is for information from the General Election held on November 3, 2020. I am requesting a text, comma, or tab delimited file, or a text-based report, listing, in the sequence processed by the city/town for every ballot, its sequential ID, its timestamp, its method of voting (for example: in-person, mail-in, provisional, absentee, "other", etc. - any ballots that were tabulated as part of the 2020 General Election), the specific votes contained for all races, and the batch ID and tabulator ID. Should any fields not be available, please include the fields which are. To be clear, I am NOT requesting a summary report of votes, I am requesting a per- ballot report. This set of information is sometimes known as a "Cast Vote Record" (CVR), "ballot log", or a "summary of ballots". If the data exists as multiple files or reports, for instance by batch or by precinct, you do not need to aggregate them, please send the individual files. I specifically do NOT want any information that identifies a specific voter, and I guarantee and stipulate that this information will not be used for that purpose. A report of this type would have very likely already been created when you audited the election results. If not, and you are not readily familiar with how to generate this report, you can refer to the instructions outlined in Chapter 14 of the Dominion User Guide. For your convenience, here are the steps: 1. Navigate to the Actions menu, click the Export menu item and click the CVR Export sub-menu item. 2. The CVR Export screen will appear. 3. Select criteria for filters if applicable, or leave as ALL in case no filter is required. 4. Perform additional settings, if applicable: • Create separate file per batch - check this if the export should create a separate export file for each results batch being exported. NOTE: This setting does not apply to the tabulator format, but only is used when exporting the JSON format. NOTE: If the number of batches is larger than 100, we strongly recommend that this option is used, otherwise the resulting file could be too large to produce (depending on system and project configuration). • Published batches - only check this if the export should only contain data from published result batches. (Please leave this unchecked) • Use tabular format - If this option is selected the export will be in the form of a tabular text file format, which can be opened in Excel instead of the default JSON format. (Please leave this unchecked) I would prefer the files in .JSON format (there should be 16 separate JSON files, unless you choose to export separate files per batch, in which case there will be more), but if that is not possible, then the tabular format will be acceptable. I am hopeful that there is someone within the clerks or records office who will be able to generate the report I am looking for. Since this request is for information that will be used for educational purposes, and is NOT INTENDED FOR COMMERCIAL USE, I would like to also respectfully request that any fees be waived. Ideally, I would like to receive the report via electronic transmission. However, if the data file is too large, and must be copied to a USB drive, I will happily supply the necessary device to the county in order to make that happen. I would like to thank you in advance for your assistance with my request. Sincerely, Michael Dennis

If reported areas have changed over time, I'd like a copy of the most recent maps. Thank you. The request is not being made for commercial purposes, and will be made available to the general public.

What is the status of the Phase III investigation of the Mission Hill School? For example, has the report been completed yet? If it has not, please estimate when it will be completed? How will the content of the Phase III report differ from that of the Phase I and II reports? Any thing else that you can share about the Phase III report would be welcome. I am having problems getting Amelia Aubourg of the BPS communications office to respond to inquiries. And if she is behaving this with with me she is doing it with other reporters. When Ms.Aubourg ignores my inquiries, I am then forced to make public records requests of Mayor Wu's public records office to access the information I am seeking and to which the public is entitled. And as you quite well know, the public records office is already heavily overburdened with public records requests. 4) I still did not hear back from Ms. Aubourg or anyone else for that matter regarding my inquiry (#1 above). 5) I would like to get an understanding of why Ms. Aubourg has not responded to my inquiry (#1 above). 6) Accordingly, please provide me with copies of any and all communications related to my inquiry (#1 above). B002363-083022	8/30/2022	8/30/2022	BIS/VEU	Eddie Dominguez	President	Good morning, This request is concerning prior request number R002480-082922 Thank you for the videos but it's not the videos I'm looking for. There is a BPD Blue Box camera looking down A Street from West Broadway towards Dorchester Ave. (Photo of camera is shared with you). The two videos we received show West Broadway East and West from A Street. I want the video that shows A Street going North and South from West Broadway Street. From the video we received marked Video 455 A Street I can see that the accident happened between 4:22:40 and 4:23:00. There are two other vehicles that must of seen the accident. An SUV leads the Sentra involved in the accident down A Street from West Broadway heading to Dorchester Ave at 4:22:30. Another SUV heading on West Broadway East is stopped at a red light and at 4:23:02 it stops at the intersection and looks down towards A Street from West Broadway, apparently looking at the accident. Is there any way to enhance the video to get the plate numbers of the two vehicles? We would also like to get the 911 call and caller number for the accident. An emergency unit appears to arrive at 4:23:57 as you can see red lights shining off a building down A Street.

I'm writing to request details of financial settlements the city paid out in 1995 and 1996. I'm trying to get data about the \$12,500 settlement described in the attached article. Does the auditor's office have settlement data from 1995 or 1996? If not, does any city department track such data? R002613-091222	9/12/2022		BPD Media Relations	Garance Burke	The Associated Press	Dear Director of Public Records Williams, Pursuant to the Massachusetts Public Records Law, I request a copy of your agency's contracts for use of technology tools as part of your law enforcement mission, including but not limited to: 1. All documents including but not limited to agreements, procurement records and contracts between your agency and: Arxys, Big Data, BriefCam, CivicEye, Clearview AI, CommandCentral Aware, Downlink, Flock Safety, Fusus, Geolitica, HunchLab, Justice & Security Strategies, Motorola Solutions, Neural Magic, Palantir, PredPol, Ring, Rosebud.AI, ShotSpotter, Shotspotter Connect, Shotspotter Missions, SecuroNet, Safelink, Fog Reveal or Fog Data Science. 2. All documents including but not limited to agreements, procurement records and any other contracts at the Boston Police Department that include software or hardware described with any of the following terms: "Algorithm," "algorithmic," "artificial intelligence," "data-driven policing," "evidence-based policing," "intelligence-led policing," "precision policing," or "predictive policing." I would like to receive responsive records in digital format, for example as .PDF files via email. I also ask that responsive records be released on a rolling basis as they are ready. I am making this request as a reporter with The Associated Press as part of newsgathering and not for commercial use. I ask that you waive any and all applicable fees because releasing this information is in the public interest as it will contribute significantly to public understanding of government operations and activities, specifically how law enforcement uses technology to inform policing. If you deny this request for a fee waiver, please advise me in advance of the estimated charges if they are to exceed \$25. I also ask that you provide expedited review, as this is a matter of urgency. Delaying release of the information harms the public interest in knowing what tools law enforcement is using, and whether such tools build in bias in patrols, investigations and other surveillance. Delaying the release of the information harms the public interest by (i) preventing consistent public policy from being enacted in response to public safety; (ii) withholding key information from the public, as well as from government officials; and (iii) cloaking your agency's policy responses in secrecy. Finally, as the world's oldest and largest news organization, the AP is a credible requester. I certify that my statements concerning the need for expedited review are true and correct to the best of my knowledge and belief. If you deny expedited processing, I expect to receive a response to the request within 10 days, as the statute requires. As I am making this request as a journalist and the information is of timely value, I would appreciate your communicating with me by telephone at 415.407.4338 or e-mail at gburke@ap.org if you have questions regarding this request. I look forward to your prompt response and thank you for your assistance. Sincerely, Garance Burke

B002535-091622	9/16/2022	9/20/2022	BPD Media Relations	Namu Sampath	The Brockton Enterprise	Dear RAO Williams, I hope you are doing well. I am the public safety reporter for The Brockton Enterprise, and I am working on a story about how, anecdotally, Brockton seems to have a reputation of being disproportionately violent compared to other cities in Massachusetts, and I'd like to see if that is accurate through municipalities' homicide and shooting data, including Boston's. My research on this topic spans between 2016 and 2022, and I was able to find the number of homicides per year and number of shootings per year in Boston for 2016-2021 in my research, here: https://masscrime.chs.state.ma.us/ , but I was unable to find the answers to the following questions, which is why I am filing this request. Under the Massachusetts Public Records Act § 66-10 et seq., I am requesting the following data digitally in .csv or .pdf form: Confirmed shots fired (regardless of if someone was hit fatally or non-fatally) per year for 2016, 2017, 2018, 2019, 2020, 2021, and 2022. The number of homicides there have been between Jan. 1, 2022 and Aug. 31, 2022. The number of homicides that were shooting deaths between Jan. 1, 2022 and Aug. 31, 2022. I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of Brockton's violence rates compared to other cities in the state. For context, I filed the exact same request with respect to Brockton, Fall River, Quincy, Somerville, Lawrence, and Worcester and received the data I requested free of charge. The Massachusetts Public Records Act requires a response to this request within 10 days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. Thank you for considering my request. Sincerely, Namu Sampath

As of 9/8/22, there is a past "balance due" of \$897,942.08 owed to Hinckley Allen, which goes as far back as five months ago. That amount represents 76 percent of the balance owed to the firm. 1) Why has Boston Public Schools not paid the balance? The City's contract with Hinckley Allen Snyder needed to be amended in order to process payment. Amendments to contracts require review by several City Departments, which can take time. 2) Is Boston Public Schools planning to pay the balance? Yes. Thank you.

R002911-101122	9/26/2022	10/27/2022	Inspectional Services	David Kelston	Adkins, Kelston & Zavez, P.C.	Dear Commissioner: I am writing on behalf of property manager GTI Properties, Inc., 450 Harrison Avenue owner SoWa North LLC, and Mario Nicosia, GTI and SoWa's principal, to make a formal complaint against Building Inspector David Johnson, and also to make a formal public records request related to a recent incident involving Inspector Johnson. The specifics are as follows. On Friday, September 23, 2022, at or around 10:30 a.m., Mr. Nicosia received information from GTI staff that Building Inspector Johnson had telephoned GTI's on-call number regarding a complaint of work in progress at 450 Harrison Avenue, and that Inspector Johnson was waiting in the 450 Harrison lobby. (450 Harrison Avenue is a four-story masonry building with 93,000 square feet of commercial space consisting primarily of artist studios and galleries.) Mr. Nicosia and his Controller, Marc Julien, promptly went to the 450 Harrison building and met Inspector Johnson in the lobby. Inspector Johnson was from the inception of the meeting hostile, confrontational, and discourteous. Mr. Nicosia began the meeting by saying there is no work going on at 450 Harrison Avenue. Inspector Johnson replied that the complaint he received was not about work - despite his phone call - but instead had something to do with illegal occupancy on the ground level of 450 Harrison Avenue. Mr. Nicosia replied that the tenant in that space, Vintage Market, had been there for about ten years and the occupancy was legal. It appears that Mr. Johnson may then have started to suggest that access to the Vintage space was not handicap compliant, but Mr. Nicosia interjected that the premises met grandfathering requirements. Inspector Johnson, who kept changing the basis of the complaint he supposedly received and/or what he wished from Nicosia, then demanded access to Vintage Market's space. Mr. Nicosia responded that he had no right to enter Vintage's space without prior approval from the tenant (such immediate access would be allowed only in an emergency situation), but Mr. Nicosia did offer to walk Inspector Johnson through the extensive common hallway areas of 450 Harrison Avenue. Inspector Johnson refused this offer and left the site at 10:56 a.m. in what can only be characterized as a huff, rudely refusing even to shake Mr. Nicosia's outstretched hand. In sum, Inspector Johnson was inappropriately demanding, aggressive and hostile, and perhaps worse, kept changing the reason he was even at the site and what he wanted and why. Commissioner, if there was any complaint of any kind in existence on September 23, 2022, concerning the property located at 450 Harrison Avenue, please consider this letter a request pursuant to M.G.L. c. 66, § 10 for all records made or received concerning that complaint, and please provide them to me pursuant to the statute's requirement for production of records within ten (10) business days. My office will pay any fees or costs that may be owed pursuant to 950 CMR § 32.06. Additionally, whether a complaint exists or not (and we doubt the existence of any such complaint), please take steps to require Inspector Johnson to act appropriately to treat the citizens, property owners, and the taxpayers of Boston in a courteous and appropriate manner. Thank you very much, and I look forward to prompt production of the records, if any.

In that regard, since Amelia Aubourg, BPS' director of communications, continues to refuse to respond to my questions about the Mission Hill School, I now find it necessary to submit this public records request. On Wednesday, September 21, 2022, I asked Ms. Aubourg the following questions. What, if anything, is BPS leadership doing to see to it that the problems identified at the Mission Hill School in the Phase I report will not be repeated at other BPS schools? Have there been, for example, any changes in how BPS investigates sexual misconduct and bullying[?] Have there been any changes in the BPS Equity office? Since Ms. Aubourg has not responded to these questions, please provide me with copies of any and all records responsive to my questions above. This includes, but is not limited to, communications. Communications, in turn, include, but are not limited to, emails, text messages, letters, memoranda, faxes, and/or notes. If any related communications were done via personal devices, they are public records and therefore they must be produced. In the event that Ms. Aubourg decides to respond to my questions, I will consider withdrawing this public records request. Please note that I am submitting this public records request in my capacity as a freelance reporter with no affiliation with any particular media outlet.

B002702-092722	9/27/2022	9/29/2022	BPD Media Relations	Seamus Webster		Dear Public Records Officer: Under the Massachusetts Public Records Law, Ch. 66, section 10 and any other related laws or regulations, Boston University requests access to the following records: From Jan. 1, 2012 to present, all records reported or obtained by your office related to the recovery of a firearm, in which the firearm was recovered in connection with a crime and was traced back to the state of Maine. These records should include when the gun was recovered, the nature of the crime, where in Maine the gun was traced to, and time-to-crime periods. We seek records for open and closed cases. We would prefer to obtain the information, including docket numbers for each criminal charge, in an electronic spreadsheet(s) -- an Excel workbook, a delimited text file, or any other analyzable format; not a PDF -- or database export file(s) so that we can analyze it more efficiently. Please let us know if we can modify this request to better match your record-keeping and speed the response. We are requesting the records in a searchable and analyzable electronic format on the assumption that you keep this information in a searchable and analyzable format. If the records are not available in a searchable and analyzable electronic format, we will accept them in whatever form you maintain them. If records that match our request are already available online, we would appreciate a link to those records. We request you waive any fees to disclose this information, as we seek this information in the public interest. I seek the records as a journalist working at Boston University under the supervision of Professor Maggie Mulvihill. Mulvihill and her students produce deeply-reported investigative stories published in The Boston Globe (example and example), the Associated Press (example and example), the Crime Report (example) and in collaboration with The Howard Center for Investigative Journalism (example and example). Our work has been republished, broadcast or cited in dozens of other media outlets including The Washington Post (example), Politico (example), U.S. News and World Report (example) and others. We are seeking this information for non-commercial use, as part of a routine newsgathering process. We expect to use it to prepare and publish news stories distributed to the public in your state. We believe the records we are requesting will help the public in your state better understand the operations of your agency.
