She is not well and the police for hours couldn't get in. A few days later they were able to locate her and admitted her to the hospital. The hospital held her up to 7 days but she refused treatment and they ended up letting her go since she was not complying at all. They couldn't hold her anymore than that. Since July 2022 until this present day. My sister has been well and she admitted to my mother she is in danger and someone trying to kill her, she admitted to being beat up and rapped and if she speaks her life and my family life is in danger! We are not sure of the evidence or what's going on. She called my sister on 1/9/2023 and told her she wants to end her life or disappear for good. We believe she might be in danger or she is using drugs and it's all in her head. I filed section 35 with Quincy court house and the judge granted the section. I need the police report and the EMS report so we can try to get her help. I never got the police report and not sure how to get the information. I called the police station and they informed me to file a report online and they can send me a copy so I can provide it to the judge so we can get her help and protection. I would really appreciate it if we can get this ASAP so we can get her the help she needs.

R000160-011323	1/13/2023	1/17/2023	OPC	alisha saint-ciel	Boston university	Hello, I'm looking for the records for Shakonda Wilson and William "BJ" Haynesworth Jr. I'm a journalist for the Brockton enterprise Im doing a story on unsolved murders. On Tuesday March 30, 1999 police responded to 84 Spencer Street, Dorchester discovering two dead bodies. The bodies were discovered inside the second floor apartment of the Spencer St. address by the landlord. Responding officers entered the apartment and observed one male and one female victim. While inside the apartment officers heard a faint cry of a small child. Officers then discovered an approximately six month old baby inside a crib. The child had been covered by an overturned drawer and clothing and was experiencing some respiratory distress. The infant was removed from the apartment and transported to the hospital for treatment. The female victim was identified as 22 year old Shakonda Wilson who lived at the Spencer St. address with her infant daughter. The male victim was 21 year old William "BJ" Haynesworth Jr. Shakonda died as a result of being strangled and William died as a result of head and neck trauma, both victims of homicide.

R000161-011323	1/13/2023	1/25/2023	Boston 311	Meghann Lucy-Mulayim	Boston University	I am a researcher conducting a study for Boston University. I am requesting 311 data that includes the free text fields and cases marked "general" or "other" from the CRM system from 2010-2019. Please see further detail below. I am requesting: All 311 "case records" from 2010-2019, including free text fields that e.g. case descriptions, 311 operator notes, and clients' description of the issue. As I understand, these cases are logged as part of the 311 CRM system. I note that my request does not include confidential cases (HHS) but DOES include cases tagged as "Other" or "General". All records of all calls to 311 in 2010-2019 regardless of whether they generate a "case" including any free text fields. I believe these calls are logged in a Google Sheet. The following details are requested: CASE_ENQUIRY_ID OPEN_DT CLOSED_DT TYPE LOCATION DEVICE CLOSURE_REASON BODY latitude longitude I am happy to receive these data as a "data dump" (e.g. a simple export from the database as a large text file) and do not wish to impose any extra effort on your team subsetting the data in any way. Finally, I am aware that there are limitations on what I can access in terms of personal identifying information (e.g. name of person submitting) and do not request any confidential information. ----- *AMENDED REQUEST* I do not need any information about the person who is reporting the clutter, but I do need information about the cluttered property that is being reported to the City. This information will be aggregated and deidentified. It will be used to understand if there are geographic patterns or housing type patterns (such as single-family homes, apartments, etc.) to the reporting of suspected hoarding cases. I would need the address of the property being reported (not just the zip code, since zip codes can span multiple neighborhoods). However, individual addresses would not be used in any research products, but aggregated as simply "one of 10," for example, reports in a particular neighborhood. I would also need to know how the case was managed by the city (e.g., "referred to ISD") to understand the trajectories of suspected hoarding cases. Record request change: Rather than receiving all 311 data requested for the years 2010-2019, I really only need to see the entries related to suspected hoarding. This may be achieved by doing keyword searches of the open textbox. Such keywords could include: "hoard" "hoarded" "hoarding" "filled with things" "clutter" "cluttered" "debris" "filled with trash"

R000162-011323	1/13/2023	1/19/2023	Public Works	Meghann Lucy-Mulayim	Boston University	I am a researcher conducting a study for Boston University based on public records. I am requesting access to case files from the inspectional services department (ISD) that document the sanitary code violations as written by ISD inspectors for a given property. In particular, I am requesting these records from the City of Boston from 2016 to 2022 that are related to excess clutter, hoarding, blocked egresses from clutter, the extensive accumulation of debris, the maintenance of areas free from garbage and rubbish, improper storage of trash, and/or improper storage of food, especially when it occurs inside the home. I am happy to work with the legal team at inspectional services to discern the most efficient means of obtaining the needed data. All data will be aggregated and deidentified to best ensure the confidentiality of individuals who receive the citations.

B000161-011823	1/18/2023	1/19/2023	BPD Media Relations	Sarah Ryley	The Boston Globe	Hi Sgt. Boyle, I'm writing about a federal case that was just filed that was linked to a shooting on Nov 6, 2022 in Hyde Park involving Gustavo Rodriguez as one of the people shot. Can you please send me the police report for that incident today and anything else that can be released? The federal case involves straw purchases of Glocks for Rodriguez that were made at the Littleton Mill, which I reported on as the largest cluster of federally licensed firearms manufacturers in the nation, known in local gun circles as a place where some of the dealers are willing to exploit loopholes in state gun restrictions. In this case, two dealers worked together to sell the straw purchaser and Rodriguez the parts of the Glock. Also, would it be possible to speak to the commissioner, at least briefly, on the importance of closely monitoring gun dealers, and how often crime guns in Boston are linked to gun dealers in Massachusetts? It's interesting that these federal charges were actually broken by BPD – not the ATF. Thanks! Sarah Ryley Boston Globe, Reporter Cell: [REDACTED]

Furthermore, electronic documents that originated separately should not be combined into a single file. Please, to the extent feasible, provide all records as email attachments. I decline to use an online portal to request or receive records. I also request that, if appropriate, fees be waived as suggested but not stipulated by the recommendations of the Massachusetts Supervisor of Public Records as I believe this request is in the public interest. If you intend to charge a fee, please provide an itemized estimate in your response, as the law requires. If you have any questions about my request, please put them in writing and provide them by email as soon as possible. If you believe my request is overly broad, please provide a description of what responsive records are in your possession so that I can make an informed decision about whether and how to narrow it. The more detail you provide, the easier it will be for me to do so.

R000263-012323	1/23/2023	2/2/2023	Inspectional Services	C Caliga		At the end of January or beginning of February 2021 my husband was called by the BFD. I remember the date as 2/4/21 but that could be wrong. All I know is that my husband had been diagnosed with cancer the 2nd week of January 2021 & this occurred soon after. My in-laws, his Mom & StepDad were renting at 46 Greenwood St in Dorchester. They were the last tenants living there. When my husband arrived the Red Cross, BFD, BPD, & ISD were there. A pipe had burst. My in-laws lost everything as the house was ultimately condemned. It turns out they were victims of fraud as well as the landlord had been foreclosed upon a while back but illegally continued to collect their rent. ISD wanted us to prosecute the landlord but because we were starting my husband's cancer journey we could not. However ISD stayed involved with the situation for months. My in-laws are still not living in a good situation & we need all records about what happened to displace them & verification that 46 Greenwood St. was condemned for BHA as this may help boost them up on a housing list. R000264-012323	1/23/2023		BPD Media Relations	Sarah Ryley	The Boston Globe	Dear Records Access Officer: Under the Massachusetts Public Records Law, I am requesting data in a common database format, such as .CSV or Excel, on all guns recovered by the Boston Police Department and their tracing information, if available. The data should span from the earliest date readily exportable through the date in which the data is exported. Based on the study, "Long Term Trends in the Sources of Boston Crime Guns" by Anthony A. Braga, and other studies and news reports, I understand that the Boston Police Department maintains a database of gun traces dating back to 1981, and has made this database available to various researchers and other organizations for anti-crime initiatives. Since this data has already been released to non-law enforcement sources, it should also be provided to the Boston Globe for reporting in the public interest. The data should include all fields containing non-exempt information, including but not limited to: - All system identifiers and unique used to match relevant records together, such as Record ID, Incident ID, and Case ID - Date weapon was recovered - Circumstances in which the weapon was recovered, including the incident type, if available - Weapon type (pistol, rifle, shotgun, machine gun, etc.) - Make, Model and Serial Number - Any other descriptors of the weapon, such as size, caliber, "ghost gun" indicator, and "large capacity" indicator - Date weapon trace was initiated - If the trace was successful - Time to crime - Findings of weapon trace (the circumstances, such as "purchased at an FFL" or "reported stolen"; the name and address of the FFL, the city from where the weapon was reported stolen, etc.) - If the results of the weapon trace were reported to another agency, such as the ATF or another police department. - The data dictionary, user manual, patrol guide, or any other record type that defines the database fields, acronyms, and codes, and the circumstances in which they are used. I am only requesting data as it already exists in the Boston PD's databases. If some of the information that I listed above is not stored in Boston PD's database, then I strike that information from my request. But please include any additional information in the recovered firearms or trace database that I did not list, but that isn't exempt under Massachusetts' public records law. I do not want the Boston PD to join any data tables or further manipulate the data in any way solely for the purpose of fulfilling my request. I am only asking for a raw data export. If the information is stored in more than one data table, I can join the tables on my own, so long as each table contains the unique identifiers to match the correct records together. I would like to receive these records in a database format such as .csv or Excel, which I am entitled to under 950 CMR 32.07(d). ("The records access officer must provide electronic records in native form when possible.") As a member of the media reporting on matters in the public interest, I am requesting a fee waiver and an expediting of my request. Since I am requesting data that is already routinely exported, with only the addition of two fields, I expect that my request should not exceed two hours. G. L. c. 66, § 10(a) requires that you fulfill my request within 10 business days. If you are unable to furnish my records within 10 business days, you are required to send a written response within that timeframe that includes the information outlined in G. L. c. 66, § 10(b)(i-ix). If you deny my request in part or in full, G. L. c. 66, § 10(a-b) requires that you send a written denial that details the specific basis for withholding the material, cites the statutory or common law exemptions, and advises me of the administrative process and judicial remedies for appeal. B000298-013123	1/31/2023	2/3/2023	OPC	Joseph McWhirter		I would like a record of a 911 call that I placed on 12/08/22 at 8:10pm from the phone number [REDACTED]. In that call, I reported that my wallet was stolen. However, my wallet had an airtag, providing me the location of my stolen wallet. The person who I suspected was the thief, based on the wallet location, was sitting right between the gym from where my wallet was stolen the the CVS where he used my credit cards. So, I called 911 in hopes that the police could arrest him. When they arrived they told me location was not enough probable cause. So, they didn't file a police report. Instead they took my name down in case my wallet ever showed up. I need a record of this call to prove to one of my banks that the transactions at the CVS that day were in fact fraudulent and that I reported my wallet stolen to someone besides them. In the call I described myself as a 6'6 white male with a black backpack. Thank you.

R000388-020123	2/1/2023	2/22/2023	OPC	Jessica Lewis	ACLU	2022 BPD Field Interrogation/Observation/Encounter Records (FIO Records) Dear Records Access Officer: This is a public records request made pursuant to G.L. c. 66, § 10 on behalf of the American Civil Liberties Union of Massachusetts, Inc. ("ACLU"). This request follows years of advocacy by ACLU concerning the content and transparency of the Boston Police Department's Field Interrogation/Observation/Encounter Records generated under BPD Rule 323 (generally called "FIO Reports" or "FIOE Reports"). Among other things, ACLU has raised concerns about evidence of racially disparate treatment reflected in these reports, and ACLU has urged that data concerning these reports be regularly published and made available to the public. The BPD has made FIO records publicly available and searchable beginning with the year 2011. ACLU renews its request that BPD make regular and contemporaneous disclosures on Analyze Boston1 of FIO records. Please note that, in recent years, the records disclosures made on Analyze Boston have omitted some previously available FIO data fields, including (but not limited to) stop reasons, fiofs type/reasons, and whether and what type of search was conducted. ACLU requests that all available data concerning field stops be published. ACLU hereby requests the following: 1. All reports for FIOs conducted between January 1, 2022 and December 31, 2022, including but not limited to the following data: a. the location, district, date, and time of the FIO; b. the age, gender, race, ethnicity, complexion, clothing, and address of the subject, and whether the subject was reported as having a prior record; c. the FIOFS type, and whether terrorism was involved; d. the contact reason, basis, and circumstance; e. the motor vehicle state, make, year, color and model/body, and whether the subject was the occupant or driver of the motor vehicle; f. the type of search conducted and the basis for the search; the reason for the stop and "FIOFS" reason (including any narrative explanations); g. the outcome of the encounter and the stop duration; h. any comments noted on the FIO form; i. the officer and supervisor names and IDs, and the officer's district; and j. the date and time the FIO was filled out, entered into the database, or revised, along with the corresponding user names. Consistent with past records productions, I ask that you waive any fees and copying costs, pursuant to 950 C.M.R. 32.07. ACLU is a not-for-profit, non-partisan organization dedicated to the principles of liberty and equality, and this request is made in the public interest. We expressly exclude from the requested records any individually identifiable information of non-BPD personnel. However, if you withhold or redact some portions of the requested documents on the grounds that they are exempt from disclosure, please specify which exemptions apply and release any portions of the records for which you do not claim an exemption. We ask that you provide the records in electronic format to the maximum extent possible and disclose the data on Analyze Boston and continue to do so regularly and contemporaneously. As you know, a custodian of public records shall comply with a request within ten days of receipt. Thank you for your assistance. Please do not hesitate to contact me if I can clarify any part of this request. https://data.boston.gov/dataset/boston-police-department-fio#:~:text=The%20FIO%20program%20encompasses%20a.privacy%20of%20the%20individuals%20involved.

R000429-020623	2/6/2023	2/6/2023	Schools - Legal	Alain Jehlen	Boston Parents Schoolyard News	I am writing to request a copy of the Boston Public Schools contract that provides for the investigation by Atty. Natashia Tidwell into allegations that Black and brown educators in the BPS central office have been targeted and pushed out. If there is no separate contract, then I am asking for whatever documentation BPS has that details what she was asked to do and how much she is to be paid. BPS officials have said Atty. Tidwell was engaged at the end of last August. I edit the Boston Parents Schoolyard News blog and have been covering the initial complaint sent to incoming Superintendent Mary Skipper last August 24, and the response to that complaint. I request that you waive fees in the public interest in fulfilling this request. The blog depends on volunteer work and has no commercial ventures. In the event that you decide not to waive fees, please provide me with a detailed, itemized, written, good faith estimate for the cost of complying, including the hourly rate and the number of hours required for each portion of the task, in advance of fulfilling these requests. To minimize costs, if responsive records are available on public websites, please provide an index of such records and the url or link to the record in lieu of a copy of the record.

Given that Mr. Pope has been cleared of wrongdoing in this matter, it does not appear that there is any basis for an ongoing investigation
B000488-021523	2/10/2023		OPC	Joseph Savage		Public Records Request re the May 23, 1984 murder of Efrain DeJesus 1. All documents and materials, including and without limitation any witness statements, handwritten or typographic notes, books, pamphlets, periodicals, letters, reports, memoranda, records, minutes, studies, compilations, analyses, tabulations, maps, diagrams, drawings, plans, photo arrays, pictures, summaries, working papers, charts, papers, draft index, data sheets, data processing cards, computer runs, summary of computer runs, computer tapes or disks, tapes, contracts, leases, ledgers, journals, balance sheets, account invoices, purchase orders, receipts, billing records, files, diaries, calendars, handbooks, policy handbooks, films, trip tickets, telex, teletype or telephone messages, expense vouchers, instructions, bulletins, audio or video recordings, or other messages or writings ("Materials") relating to the May 23, 1984 murder of Efrain DeJesus (the "DeJesus Homicide"); 2. All Materials relating to Joseph Jabir Pope in connection with the DeJesus Homicide; and 3. All Materials relating to post-conviction investigations, audits, inspections, examinations, or other internal processes of the Boston Police in connection with the DeJesus Homicide, including any material generated in the recent review of the case by the Suffolk County District Attorney's Office. See 8484-CR-48699 at Doc. 65 at ,r14 (Nolle Prosequi, referring to a "thorough and comprehensive review of the case"). In your previous correspondence, in response to prior public records requests, your office has referred to the investigative privilege as a basis for not handing over police records. As you know, this privilege does not apply to police reports unless the disclosure of the reports would "so prejudice the possibility of effective law enforcement that such disclosure would not be in the public interest." Given that Mr. Pope has been cleared of wrongdoing in this matter, it does not appear that there is any basis for an ongoing investigation.

The Department's Director of the Permitting Division, Paul McCaffrey, has said the reservations can be exported as Excel files. Please include all non-exempt columns in the spreadsheets. Columns containing the individual name and home address on reservations can be deleted, but please keep the names of any companies, organizations, or other entities on the reservations. 2) A spreadsheet in Excel or CSV form containing information on all Department facilities, with a row for each facility. For example, Carter Playground should have a row for each of the five tennis fields. Please include all non-exempt columns in the data, such as the type of facility, location, neighborhood, latitude and longitude, land area, and capacity. (I understand that not all of the fields I listed may be in the data. I only want what is already in the data.) 3) Shapefiles (aka GIS, SHP, or Polygon files) of all Parks Department properties and facilities. The Department has its "Park Features map" would be ready in 2021 but I'm not able to access it on the Esri site. Please include any data dictionaries, employee or licensee handbooks, code tables, or other records that would define and explain any terms, codes, or acronyms used in the records and data. I would like to receive these records as a data export, not as a PDF, which I am entitled to under 950 CMR 32.07(d). In this request, we are seeking ALL available columns, which should include, but is not limited to, the following: Allegation Finding Finding date Action taken Action taken date Days or hours suspended Disposition Area Assigned date Bureau Case No Completed date District Forwarded date IA No Incident type Investigative unit Investigator Occurred date Received date Source Why forwarded Bureau (snap) District (snap) Title/rank (snap) Unit (snap) Zone / Division (snap) Employee ID Number (We are seeking the unique number used for each employee that corresponds with payroll, etc., not badge number) Badge Number Employee status Employee type First name Middle name Last name Race Sex Title Unit We request that this data is provided so each officer's allegation is contained in its own row so that a single case may take up multiple rows. We do NOT want cases confined to a single row so individual cells contain multiple allegations or multiple officers. We have received this data in this format previously. Also, we are requesting that in pending cases the names of officers be included, as was provided the last time we received this data on June 3, 2022. I will also note that the last time we received this data, the summary field was omitted from the production because the Department does not have the capability to redact statutorily protected information in Excel. The department provided a PDF of the IA pro database which included the summary section in redacted form. We would agree to again receiving the summary field in a PDF. We only ask that the PDF include the IAD case number so we can cross reference it with the Excel file. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I would like the data in an electronic searchable spreadsheet; I do not want printed copies. If this request costs in excess of \$100, please notify me in advance. B000524-021723	2/17/2023	2/17/2023	BPD Media Relations	Colten Weekley	KGW-TV	Good afternoon, I'm a news producer at the NBC affiliate in Portland, Oregon. Our city police force is going through negotiations regarding police bodycameras, and I had a few questions about Boston PD's use of bodycameras and policy surrounding them. First - does Boston PD use bodycams? If so - what are the policies around officers reviewing their bodycam footage before writing their reports? Do those policies differ depending on the incident? For example, can officers review footage for non-force-related incidents before writing a report? How about incidents involving lethal or non-lethal force? Our city and local police union are at odds over bodycam policy and I was hoping to compare similar sized city police departments for their own policies regarding when footage can be reviewed when it comes to writing reports. Thanks, Colten Weekley Producer, The Story KGW-TV cweekley@kgw.com

Please include the cost of repairs, a description of the repairs, and the length of time each repair took for the same time frame. If this information – costs of repairs, description of repairs, timeframe for each repair – is not available in the same list format, or are not listed by repair, I ask that you provide them separately in the way that you maintain these records. -Any and all Data Dictionaries/Code Sheets available for any of the files I might receive, as they are available. -Please send all of these records in a machine-readable format of CSV or .xls/.xlsx. And, if any fees are required, I request that you let me know before sending any records. If a fee waiver is not deemed possible, I also request that you let me know before sending any records and please provide a detailed fee estimate. Your prompt response is appreciated. If access to the records I am requesting will take longer than the 10 days required by the Massachusetts Public Records Act, I ask that you please contact me with information about when I might expect copies or the ability to inspect the requested records. Also, if there is the possibility to obtain some documents before others, I request that you email or otherwise make the documents available to me when they are ready. If any or all of this request is not possible or denied, please cite each specific exemption you feel justifies the refusal to release the information or the other reason for it and notify me of the appeal procedures available to me under the law.

I told both parties that I would look at traffic cameras to see if it was captured. I was able to locate footage of the accident. It seems to me from the brief conversation I had with both gentlemen and looking at the footage that there was a little road rage going on over changing lanes I believe. The footage shows the Nissan Mirano trying to get back to the left lane because of a blockage ahead. There's a lot of traffic so it's not very clear the exact impact. I will save the footage and you can obtain it if you wish as follows: Go to bpdnews.com , Public records request, Police Department. R000609-022023	2/20/2023	3/6/2023	Public Library	Maty Cropley		This is a request under the Massachusetts Public Records Law (M. G. L. Chapter 66, Section 10) for a copy of the following records: Copies of written and electronic complaints and challenges for removal, reclassification, or other reconsideration of publications including books, magazines, movies, websites (e.g. filtered from library computers), or other media from January 1, 2022, to the present, as well as records, petitions, and correspondence related to these challenges. This request is for such records that, for example, are classified by the Massachusetts' Supervisor of Public Records Municipal Records Retention Manual under Section 17.004: Complaint and Censorship Records, though we do not limit our request to those so classified. According to 950 CMR 32.06(5), every custodian of records is encouraged to waive fees where disclosure would benefit the public interest, as we believe these will. This request is part of an inquiry on how, why and which library materials and/or books are challenged in the Commonwealth of Massachusetts, and whether the current political climate has increased challenges in Boston. If fees cannot be waived please inform me in advance. I ask that, if possible, you please respond via email with text documents or clear, high-quality scanned PDFs. B000541-022023	2/20/2023	2/22/2023	BAT/POLICE REPORTS	Bonnie Kaloyanides		I would like to request the police record from an incident that happened on February 19th 2023 approximately 8:00 p.m. my 12-year-old son was involved in this and is scheduled to go to court tomorrow and I'm trying to get all the documentation that I can. Unfortunately, I've seen most details from the news. If it is at all possible would I be able to speak to a detective or investigator on this case. My husband went to go pick my 12-year-old son up would not tell me where he was going and when he got home would not tell me any information about what happened. I'm reading this on the news and I'm extremely worried. I did try to call today but was told I could not be given any information. I will try to stop in there tomorrow after court but if anybody could reach out to me I would really appreciate it I would have been there if I was told where my husband was going. It was done not in a protective way but a spiteful way. And that is not the Boston Police Department's problem I'm dealing with that on my own but I need to know what went on. Thank you, Bonnie

R000623-022223	2/22/2023		Schools - Legal	Erin Stewart		This letter constitutes a request pursuant to the Public Records Act, G.L. c.66, §10, for public records in the custody of your school district. Under the Criminal Justice Reform Act, school districts and law enforcement agencies must "specify the manner and division of responsibility for collecting and reporting the school-based arrests, citations and court referrals of students to the Department of Elementary and Secondary Education" (DESE). DESE began collecting data on school-related arrests in the 2018-19 school year. In the 2019-20 school year, DESE has expanded that collection to include data on all referrals to law enforcement. DESE has defined these terms as follows, borrowing the same definitions used by the U.S. Department of Education since its 2009 Civil Rights Data Collection. A school-related arrest "[r]efers to an arrest of a student for any activity conducted on school grounds, during off campus school activities (including while taking school transportation), or due to a referral by any school official. All school-related arrests are considered referrals to law enforcement." A referral to law enforcement "[i]s an action by which a student is reported to any law enforcement agency or official, including a school police unit, for an incident that occurs on school grounds, during school-related events, or while taking school transportation, regardless of whether official action is taken. Citations, tickets, court referrals, and school-related arrests are considered referrals to law enforcement." I request the following public records, as defined in G. L. c. 4, § 7 (twenty-sixth): 1. An extract of your records management system or database that includes each school-related arrest and each referral to law enforcement conducted during the 2018-2019, 2019-2020, 2020-2021, and 2021-2022 school year (up until the day the records are produced). Specifically, we request an extract of the database to include the following columns: a. Date of arrest or referral to law enforcement b. Time of arrest or referral to law enforcement c. Charge (or charges) d. Whether the individual(s) was arrested or referred to law enforcement e. Sex of individual(s) arrested or referred to law enforcement f. Age of individual(s) arrested or referred to law enforcement g. Race of individual(s) arrested or referred to law enforcement h. Ethnicity of individual(s) arrested or referred to law enforcement i. Disability status of the individual(s) arrested or referred to law enforcement j. Whether the individual arrested or referred to law enforcement is a student at the school. k. Name of arresting officer, if applicable, and l. Badge number of the arresting officer or the officer that referred the youth to law enforcement, as applicable. 2. If such an extract of the database in question 1 is not possible, please provide school incident reports on each school-related arrest and referral to law enforcement conducted during the 2018-2019, 2019-2020, 2020-2021, and 2021-2022 school year (up until the day the records are produced). 3. A copy of any active standard operating procedures developed with the police department and/or other law enforcement agencies regarding police placement or activity in your corresponding school; and, 4. Any records instructing or informing police personnel of, or otherwise describing data reporting requirements and procedures for complying with G.L. c. 71 § 37P(b). 5. The cost to the school district of assigning a school resource officer to each school; and, 6. The total number of school resource officers and total number of guidance counselors for each school in your district for school years 2018-2019, 2019-2020, 2020-2021, and, 7. I attempted to download the ISD data set but a majority of relevant permits list 0 sq ft, even if the comments detail sq. ft. or mention full renovations of interior spaces. Is this data available from the city at all or does the permitting process not account for accurate sq. ft. disclosure for interior construction projects? This data will be used in making a case for more sustainable construction practices in collaboration with the Boston Society for Architects and the Carbon Leadership Forum of Boston.

The vehicle was a dark sedan of unknown model and make, but I did get the license plate number (██████). The driver did not respond to my requests for him to open his window and speak to me after he hit me. I suffered 1 bruise on my right knee, and am now suffering from whiplash on my shoulders and across my back. My partner Frank Lang made the 911 call on my behalf when I returned to his apartment and we both gave our names and contact information to the officer who showed up.

The commonwealth picked up the case and after being detained for an amount of time he plead out to four of the lesser charges therefore not being charged with any sexual assault. The other were three different assault and battery charges and a strangulation charge. This happened at his family's house on 56 Presentation Road in Brighton for about a month. Not sure if you would call this an incident report or sexual assault report considering he got away with those charges that's why I am briefly getting into a little detail. He is sentenced currently in South Bay for violating and picking up new charges while cutting the bracelet off twice and running and I will attach a letter from the Massachusetts state parole board that also includes his inmate ID number.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$50. B000734-031023	3/9/2023	3/10/2023	BPD Media Relations	Tiana Woodard	The Boston Globe	Good afternoon, This is Tiana Woodard with the Globe; I reached out today because I'm hoping to get more information on a few missing women's cases, and the department's comment on two filings made by the Council this week. First, I was hoping to get police reports for Reina Carolina Morales Rojas, Cristina Esperansa Santos Rodriguez, and Dana Barrientos. In addition, do you know when these cases were first reported to BPD and when they were publicly announced? The Council also passed a resolution calling for equal treatment of all missing women in Boston, and there's a pending hearing order reviewing how BPD polices Spanish-speaking residents. I'm hoping to get a response clarifying the BPD's approach to missing persons cases, and if it'll incorporate concerns outlined in these resolutions in the future. My filing deadline is EOD Monday. You can reach me at [REDACTED] if you have any questions or concerns. Thanks in advance! Sincerely, Tiana

B000824-032023	3/20/2023	3/31/2023	OPC	Aiche Ba		On Friday, March 17, at around 6:23 PM, a call was made to Boston police stating that there was a huge fight in a dorm building at Boston College (2150 Commonwealth Avenue). The apartment number given (415) was mine. This was a false report of a fight that did not happen. Boston Police redirected the call to Boston College Police who then responded to the false call. This type of call is very malicious as the caller is clearly targeting my apartment by making such a false call. This was also a waste of time for Boston Police and Boston College Police. I am requesting that the caller's number be traced and released. If a recording of the call is available, I would also like for it to be released.

B000862-032123	3/21/2023	3/21/2023	BPD Media Relations	Andrew Ryan	The Boston Globe	Sgt Det Boyle - I hope all is well with you. I'm writing a daily story today about a court appearance by Barry Kamara, who was convicted of second-degree murder for the May 16, 1991 killing of Ronald Taylor, 19, in Dorchester. The case was investigated by Boston Police Detective Daniel Flynn and the trial prosecutor was Suffolk ADA James Larkin Mr. Kamara, who was paroled in 2008, has always maintained his innocence. In November and December, the Suffolk DA's office assented to Mr. Kamara's motion for a new trial and agreed to nolle prosequi the indictments if a judge signs off. A judge may take action on the case today. New court filings by both the prosecution and the defense agree that evidence was wrongly withheld at Mr. Kamara's trial that pointed to another potential killer. Det Flynn and ADA Larkin both had this information, according to the filings. According to defense filings, Larkin and Flynn were implicated in misconduct that caused the wrongful conviction of another man, Robert Foxworth, in a murder that occurred exactly one week after the murder in Kamara's case. Foxworth served 28 years before his conviction was overturned. Here are my questions. My deadline is 4 p.m. today. 1) I've been told that Sgt Det Flynn is deceased. Can you confirm whether that is accurate? 2) How many other people were convicted in homicide cases handled by Sgt Det Flynn? Can we get a list of his cases? 3) Homicide summary sheets previously provided by BPD show in 1990 a Sgt Flynn (no first name given) handled five homicide cases. (Victims Jose Pepin, Rowan S Lewis, James Merchant, Archange Bruno, Wesley Campbell). Records show Sgt Det Flynn handled another 5 cases in 1992. Is this the same Sgt Det Flynn? 4) Can I get the assignment details for Sgt Det Flynn during his career, including the dates he was assigned to homicide? 5) Is BPD taking a broader look at other homicide cases handled by Sgt Det Flynn to look for other evidence of misconduct? Why or why not? 6) Does BPD have a policy when misconduct comes to light in an old conviction? Does it trigger an automatic review of other cases handled by that detective or officer? Or is there no policy? 7) Does BPD have any comment on Mr. Kamara's case? Thanks, Andrew Andrew Ryan Reporter [REDACTED] andrew.ryan@globe.com @GlobeAndrewRyan

B000933-032723	3/27/2023	3/28/2023	BPD Media Relations			I am starting social media platforms to shine a good light on the hard and heroic work the men and women in Law Enforcement accomplish everyday. As I have family and friends in Law Enforcement. The channel and page is called "Blue Point of View (POV)". There are far too many "anti police" channels and pages out there. I am looking to get a list of all arrests made in June of 2022 by all districts of the Boston Police Department. I would appreciate if the case number or incident number could be attached. From there I will be requesting bodycam and dashcam (if BPD has dashcam) footage of certain arrests or incidents that the public will be most interested in. If there are any incidents such as DUI's, Disorderly Conducts, Drunk in public, Disturbing the peace, Fleeing and eluding, Resisting arrest ect, that are ready and available to be sent that would be appreciated as well. I am not looking to put a strain on the records department and would only ask for the records that can be accessed and processed within 30 minutes or less. All documents such as PDF's, MP3's and MP4's can be sent directly through this email or the videos can be sent to Axion website evidence.com where I receive other bodycam footage. I ask for all fees to be waived as it states in the Massachusetts public records law exemption Chapter 66 Sec. 10 (v) that they can be, if it is to show that the "disclosure of a requested record is in the public interest because it is likely to contribute significantly to the understanding of the operations or activities of the government." Chapter 66 Sec. 10 (v) the records access officer may waive or reduce the amount of any fee charged under this subsection upon a showing that disclosure of a requested record is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requestor, or upon a showing that the requestor lacks the financial ability to pay the full amount of the reasonable fee; I appreciate you all for your courage and strong work to keep us all safe. Thank you for your time. Please do not hesitate to reach out if you have any questions or concerns. Have a great day. #BackTheBlue #BlueLivesMatter

B000941-032823	3/28/2023	4/4/2023	OPC	Heather Jane Johnson		Unlawful entry, robbery. In late May or June of 1973, an apartment my family was residing in on Brimmer St. was unlawfully entered by an intruder through a fire escape window. My father was held at knifepoint and my mom had to find things of value in the home to give to the intruder/thief. They struck a deal with him in which he would leave peacefully through the front door of the building, and my mom would escort him down the stairs. Before leading him down the stairs she grabbed a whistle. This came in handy as the intruder tried to change the deal at the front door and attempted to take my mother with him. She blew hard on the whistle, he hit her on the head with the knife, but thankfully ran away. The perpetrator was never apprehended. I was a baby when this event happened and my older sister kept me quiet in our bedroom while all of this was going on. For personal reasons I am doing a bit of research and would like to have access to the incident report.

R001142-033123	3/31/2023		Boston 311	Sarah Ryley	The Boston Globe	I would like data on 311 service requests for 2018 through the date that my data is exported, that includes all fields in the data on the city's online data portal (https://data.boston.gov/dataset/311-service-requests) AND the text of the service request. The online data does not include the actual requests, whereas it is included and searchable on https://311.boston.gov/ . I need the text in the data so I can search and analyze complaints based on key words. Thank you!
