Importance: High

Good morning sirs/ma'ams,

Per below message, I am just reaching out to request that all tentative travel plans be projected by 1 July. This would mean AROWS orders submitted and DTS entered so that there is time to enter, route and approve all requests by NGB deadline of 10 July. This is just to be sure 80% of funds are allocated. After 10 July, funds will be distributed differently and special requests will need to be submitted. I am pretty sure you have all done this already but in case anything else has come up, please submit ASAP. Thank you in advance and if any last minute events occur, we will tackle those as they come in.

Have a wonderful day!

Sincerely,

Greetings Team,

I hope you are having a productive summer.

To ensure our allocated funding is properly utilized according to our initial strategic plan, we must meet upcoming execution benchmarks.

Please review your accounts and ensure they reach at least **80% execution by 10 July 2026**. Please note that after this date, funds may be reallocated from accounts that have not met this 80% threshold.

To achieve this target, please ensure that all remaining General Officer (GO) travel and mission orders for the rest of the Fiscal Year (FY) are completely entered into the respective systems.

You don't often get email from political@boston.mfa.gov.il. [Learn why this is important](#)

Dear General Keefe-

I had the honor of meeting you yesterday morning at the visit of the delegation of Israel's Defense College. Thank you for taking the time to meet with the officers- they found the meeting very valuable and informative.

Consul General Sharoni would appreciate the opportunity to meet you, and would be happy to host you at our Consulate near Boston City Hall, or meet you at a location more convenient for you.

Would you be kind enough to share your availability?

Respectfully,
Erin

Good morning Tammy,

Consul General Sharoni was hoping that you would be kind enough to thank Maj General Keefe for his visit to the Consulate yesterday. He appreciated the time and conversation very much.

As a follow up to one of the topics that they discussed, The CG wanted to suggest an event with an active duty IDF senior physician, a former Brigade Surgeon General, who is here in Boston during the first week of August. Perhaps National Guard leadership and relevant staff may be interested in the following topic: Optimizing Combat Lifesaving- Medical Corps at War: IDF Best Practices.

Please let me know if this is of interest.

Respectfully,
Erin
