Hello All,
This is an introduction with Mr. Adam Barakhat who is the CHief Security Officer for the ISraeli Consulate located on the Washington Mall. He is interested in obtaining a spot on the Washington Mall for visiting dignitaries. I'm not sure what the process is, or what is involved.

Hello & thank you for your email.

Is this event happening outside in front of the building for the 2 hrs that is listed on the application? The reason for my question is all outside events need a special event application with +Today Baker.

Also, if you read the instructions (page 1) 1 & 2, both have not been completed & I cannot accept this application. However if +Today Baker states you need to complete a special (public) event application with her the 1-time entertainment application is not needed since all of the information will now be on the special (public) event application she provides.

Please reply all & let us know.

Hello - Thank you for your **outdoor public event** inquiry. Please review the following information before submitting the Public Event application:

☑ **Event location** must be confirmed **before** applying for any additional permits. See the links below to apply for the appropriate City of Boston location

- **Street Closing application**: apply for a transportation permit to close a city of Boston street to traffic.
- **Street/Sidewalk application**: apply for a public works permit to place items on a city of Boston street, such as tents, stages, or other large structures.
- **Parade/Walk/Race application**: apply for a transportation permit. **Include route and turn-by-turn directions.**
- **Park application**: if apply for a special use permit to host an event in a city of Boston park.
- **Property Use Agreement** is required confirming use of the event location on the specified date and time. (example: State, Massport, Private..)

☑ **Outreach** for community support from **residential business and civic groups** is required. Your **Mayor's Office of Neighborhood Services** Liaison can assist with this process.
Community outreach is required to ensure that residents, businesses, and civic groups are aware of the event and have an opportunity to provide feedback. Events can impact parking, traffic, noise levels, and access to local services. Outreach helps the City identify and address potential concerns in advance, ensures that the event is supported by the surrounding community, and promotes a safe and successful experience for everyone involved.

☑ **Submit the outdoor public event application** 6 weeks in advance of the event date, asyour event may require *scheduling* a city-wide committee review meeting. **Late submissions may not be approved.**

- **INCLUDE detailed site plan** with a clearly marked 20 ft straight unobstructed emergency vehicle access lane and the exact event address (use **Find an Address** if needed)
- **AVOID review delays.** Your event application review and citywide committee meeting will **not** be scheduled, until the site plan is submitted.

☑ **NOTE:** Additional permits may be required based on the specific components of your event. See the list of **commonly required permits here**

Apply early - don't risk delays - Review the full application process: outdoor public event presentation

Respectfully,

Hi
Thank you for all the added information

1. The event itself is scheduled to last less than an hour.
   The audience is invited to 11 am, and usually after 45 minutes the crowd is already over the top (this has been the case in recent years, the Boston cold doesn't keep people out).
   Since we as a team will arrive before to arrange the wreath and settle into the space, and will be in the space a little later to clean and tidy up the space afterwards - so I wrote the event as longer than expected.
2. what should I do with\ to Today Baker? what is required and where can I get the required forms?

Thank you!

Hello & thank you for your email.

Is this event happening outside in front of the building for the 2 hrs that is listed on the application? The reason for my question is all outside events need a special event application with +Today Baker.

Also, if you read the instructions (page 1) 1 & 2, both have not been completed & I cannot accept this application. However if +Today Baker states you need to complete a special (public) event application with her the 1-time entertainment application is not needed since all of the information will now be on the special (public) event application she provides.

Please reply all & let us know.

Hello, thank you very much for sending a message and making contact.

I am afraid I was not precise and clear about the nature of the event. The event is a long-standing tradition that takes place annually on International Holocaust Remembrance Day.

The event is a wreath laying ceremony to mark International Holocaust Remembrance Day in cooperation with the Israeli Consulate and the German Consulate.
The audience, about 30 who received a personal invitation, stand next to The New England Holocaust Memorial, at 98 Union St, Boston, MA 02129.
The consuls speak for a few minutes, then lay the wreath close to the monument. The audience marches inside the monument for 50 meters.

If there is still a need for photos similar to the examples you gave, I will send it as soon as possible on Tuesday morning.

Thank you!

Hello, I am very thankful for the help and response we receive from you, we are full of gratitude.
Following the correspondence and discussion taking place around the event - I was asked to send a detailed email explaining the nature of the event and logistical elements.

This is the annual event to lay the wreath to mark International Holocaust Remembrance Day, on January 27th at The New England Holocaust Memorial, 98 Union St, Boston, MA 02129. From 11am-12pm

The event is being held in cooperation between the German Consulate General and the Israeli Consulate General in Boston. It is a small and symbolic event - in which the two consuls will give a short speech, and a rabbi will lead a short prayer. After that, the pair of consuls will take the wreath together and place it in a central location at the memorial, after which the rest of the participants will walk in silence inside the memorial, light candles in memory and this will end the event.
Approximately 30 participants are invited to the event: local diplomats, community organization managers and representatives. (Due to the weather and cold, usually about 20 participants arrive).
After the crowd disperses, we will collect the wreath and make sure that nothing is left at the monument.

I hope that this is the information required. If of course there are additional things that are needed, I will make sure to follow all the instructions that are given to me.
Thank you very much for your help and confidence in holding the event.

Here's an enthusiastic, warm, and polished reply you can send:

Good morning Erin,

So great to hear from you! I hope you're doing well as well.

I'd be delighted to meet and to be introduced to your new Deputy Consul General, Liron Finkelstein. Congratulations to you and the team on the new Consulate location as well that's fantastic news, and being right next to City Hall makes it even better.

I'd be happy to meet for coffee or stop by the Consulate. Please feel free to share a few dates and times that work on your end, and I'll do my best to accommodate.

Looking forward to connecting soon.

Warmly,

James

As the City of Boston prepares to welcome millions of visitors from around the world in June and July 2026 for the **FIFA World Cup**, **the Tall Ships, and the City's 250th anniversary celebrations,** we are honored to invite you to a briefing for Consuls General and Honorary Consuls on the City's World Cup–related planning efforts.

The briefing will take place on **Tuesday, February 10, 2026 at 10:00 a.m.** The Zoom registration link is provided below. Should you be unable to attend, you are most welcome to designate a representative to participate on your behalf. A calendar invitation will

follow this email for your convenience.

The meeting will include an overview of the City's preparations for the World Cup, as well as a discussion of potential celebration and activation opportunities currently under consideration.

We would also greatly value the opportunity to learn about your own planning efforts and to explore possible avenues for collaboration. In particular, we would welcome your perspective on the following:

- Any events your office may be organizing in connection with the World Cup;
- Community leaders or small businesses within your constituency that may be planning related activities; and
- Any information regarding potential dignitaries who may be visiting Boston during this period.

Time will be reserved for open discussion, and we very much look forward to your insights.

As the City of Boston prepares to welcome millions of visitors from around the world in June and July 2026 for the **FIFA World Cup**, **the Tall Ships, and the City's 250th anniversary celebrations,** we are honored to invite you to a briefing for Consuls General and Honorary Consuls on the City's World Cup–related planning efforts.

The briefing will take place on **Tuesday, February 10, 2026 at 10:00 a.m.** The Zoom registration link is provided below. Should you be unable to attend, you are most welcome to designate a representative to participate on your behalf. A calendar invitation will follow this email for your convenience.

The meeting will include an overview of the City's preparations for the World Cup, as well as a discussion of potential celebration and activation opportunities currently under consideration.

We would also greatly value the opportunity to learn about your own planning efforts and to explore possible avenues for collaboration. In particular, we would welcome your perspective on the following:

- Any events your office may be organizing in connection with the World Cup;
- Community leaders or small businesses within your constituency that may be planning related activities; and
- Any information regarding potential dignitaries who may be visiting Boston during this period.

Time will be reserved for open discussion, and we very much look forward to your insights.

Thank you for your consideration, and we hope you will be able to join us.

Subject: MAYOR WU DECLARES SNOW EMERGENCY, PARKING BAN IN EFFECT SUNDAY, FEBRUARY 22 AT 2:00 P.M.
Attachment(s): "Parking Ban.png","Snow Emergency.png","Trash Delay.png","BPS Closed.png"

Good afternoon members of the Consular Corps and International Partners,

I hope this message finds you well.

I would like to share an important update from the City of Boston regarding the significant winter storm expected to impact our region. **Mayor Michelle Wu** has declared a **Snow Emergency**, effective today, **Sunday, February 22 at 2:00 p.m.**, and a **citywide parking ban is now in effect** .

Boston Public Schools and all municipal buildings, including City Hall, will be closed on Monday, February 23. Residents are strongly encouraged to stay home. If travel is necessary, public transportation is recommended.

At this time, the most critical message to amplify within your communities is:

- **Please move vehicles off posted snow emergency routes immediately** , as cars will be towed to allow for snow removal operations
- **Please stay off the roads during the storm** to support public safety and allow crews to respond effectively

The City has also prepared **multilingual graphics and messaging here,** which we kindly ask you to share widely within your networks.

Residents are encouraged to:

- Sign up for **AlertBoston** notifications
- Call **311** for non-emergency concerns
- Call **911** in case of emergency

We also remind property owners of their responsibility to clear sidewalks and curb ramps promptly after the storm to ensure accessibility and safety for all.

Please do not hesitate to reach out to me directly over the course of the week with any questions, concerns, or issues impacting your communities. We are here to support you and your constituents.

We are grateful for your continued partnership in helping keep Boston's residents safe and informed during this significant weather event.

With appreciation,
Reggie

Subject: Quick Question – Sheba / ARC Innovation Presence in Boston

Dear Erin and colleagues at the Israeli Consulate,

I hope you are both doing well.

A colleague recently shared an article about the launch of Sheba Medical Center's health innovation activities in Boston, and it caught our attention. We were curious if you might know where the Boston location is based, or whether the ARC Innovation "Boston Soft Landing Pad" mentioned online is connected to the same initiative.

We came across a possible reference to 28 State Street in Boston, but weren't able to confirm the address.

If you happen to have any additional information, we would love to learn more about it.

Many thanks, and hope all is well.

Best regards,

Subject: Diplomatic Parking Request for the Consulate of Israel in Boston
Attachment(s): "2025-08-08 ISRAEL NOTE - APPROVAL - LEASE CG - 1 WASHINGTON ST, FL 12+8, BOSTON, MA.PDF"

Dear James,

I hope all is well. I received your email from your colleague John Romano. My name is Lucas Leston and I work for the Department of State Office of Foreign Missions, where we provide DMV and other services to the diplomatic community.

The Consulate General of Israel in Boston had reached out to my office seeking assistance in requesting designated on-street diplomatic parking since it had moved to a new office building. John had advised me to reach out to you to facilitate an introduction to start the request. I am also attaching the Department's note approving the Consulate's move in case it is helpful in confirming the relocation.

Please let me know if you have any further questions about this request, or if there is anything else we can help you with.

Best,
Lucas

U.S. DEPARTMENT *of* STATE

SENSITIVE BUT UNCLASSIFIED

25-1517

The Department of State acknowledges receipt of diplomatic note No. 17032025, dated March 12, 2025, from the Embassy of the State of Israel, and refers the embassy to the Department's note No. 25-580, dated April 11, 2025, regarding the request to lease 1 Washington Street, Floors 12 and a storage room on Floor 8, Boston, Massachusetts 02108, for use as its Consulate General in Boston, from July 1, 2025, for 20 years.

The Department previously withheld its approval of this request, contingent upon the Government of Israel first assisting the U.S. Embassy in Jerusalem with the issuance of a long-pending letter of approval from the Ministry of Foreign Affairs and the Municipality of Jerusalem to close the alleyway between the two halves of the U.S. Embassy Jerusalem property on Gershon Agron Street for security reasons. The U.S. Embassy had also been awaiting approval from the Municipality of Jerusalem for the designs the U.S. Embassy submitted for the small-scale project to upgrade the Gershon Agron Street property's physical security by connecting the two halves of

the compound.

The Department has confirmed that both matters have been satisfactorily resolved, and therefore approves the request, subject to compliance with local laws and regulations.

The embassy or consulate general is reminded to submit a diplomatic note to OFMProperty@state.gov, if the lease is renewed, including the new lease start and end dates, or when terminated.

In order to update the Department's records, the embassy or consulate general is requested to notify the Department's Office of Foreign Missions (OFM) by diplomatic note at OFMProperty@state.gov of:

- the finalized lease start and end dates;
- the date the consulate general occupies 1 Washington Street, Floor 12; and,
- the contact information (telephone and fax numbers, email address, etc.) for the consulate general.

The embassy or consulate general is also reminded to submit

Notifications of Appointment through eGov to accredit all members of the consular post.

The embassy and consulate general may contact OFM at OFMProperty@state.gov with any questions.

Department of State,

Washington, August 8, 2025. SAK

Dear Lucas,

Thank you for reaching out, and it's a pleasure to e-meet you. I appreciate John making the connection.

I recently met with the Deputy Consul General of Israel at their new office and had shared with them the link to begin the request process for designated diplomatic parking. Nonetheless, I will follow up with them to ensure the request is moving forward and to see if they need any additional assistance.

Thank you as well for sharing the Department's note confirming the relocation. Please feel free to let me know if there is anything further we should coordinate on from our end.

Best regards,

James

Hi Yuxi,
My name is Hagay Benjamin, and I'm the Director of Innovation and Economic Affairs at the Israeli Consulate in Boston. Apologies for the delayed reply—I was out of the office over the past few weeks.
First, thank you for sharing the invitation to the Global Business Connect Webinar. We're grateful and look forward to participating, and I'll also share it with relevant partners.
Additionally, I'd be happy to share more details about the ARC initiative, which recently opened its new office at 60 State Street, Suite 1400, Boston, MA. Dear Hagay,

Thank you very much for your kind note—no worries at all, I hope you had a nice time away.

I really appreciate you sharing the details about the ARC initiative at 60 State Street, as well as the Boston Israel Innovation Group. This is very helpful, and I would be glad to learn more about both efforts and how they connect to the broader innovation ecosystem in Boston. We're particularly interested in understanding how initiatives like ARC and BIIG are supporting international companies establishing a presence in Boston.

I would also welcome the opportunity to connect in person. Please let me know a time that works for you in the coming weeks, and I would be happy to coordinate.

Thank you as well for sharing the Global Business Connect webinar with your partners—we truly appreciate your support and look forward to your participation. I am attaching an event graphic for your reference.

Dear Liron,

My sincere apologies for the tardy reply. I am currently recuperating from knee surgery and appreciate your kind wishes.

Please find the draft proclamation attached for Israel's 78th Independence Day. I would be grateful if you could review it and let me know if you have any suggested edits.

I look forward to your feedback and to confirming next steps shortly.

Hi Yuxi,
I was diagnosed with Flu B this morning, so unfortunately I'll need to reschedule our meeting tomorrow as I don't want to risk exposing you.

I apologize for the short notice, and I'll follow up with a few new time options once I'm back in the office.

Best,

Hey, everyone! Last weekend turned out to be a total dud! Here's a wild guess as to the reason why! https://www.facebook.com/share/p/1H7iE5Nd1g/ Quite disappointed and I heard people were frustrated, goodness! Reached out and established contact at Old North Church at the airport for fact finding. I and my team are still working on it. Absolutely no one who was invited was present which is quite terrible. I am focused on present tasks at hand but still really want to see everyone. I definitely did not turn anyone away myself and have no idea what staff members might have said to everyone. ♥ We'll reach back out shortly and will keep in close contact. Princess Jasmine

Dear James,

I hope your recovery is going well and you are feeling better.

The draft proclamation looks great. I have one small request for the third paragraph: could you please change the wording to **"On Thursday, April 23rd, Israel and Israel's friends in Boston, the greater Boston area..."?**

Additionally, I wanted to confirm that you received my text regarding the 9:00 AM start time for the flag raising.

Thank you again for all of your help with this.

Respectfully,

-Erin

Hi Hagay,

Thank you for your note. Unfortunately, I won't be available on the dates you listed, as I will be out of the office from May 21 through June 5.

If helpful, I'd be happy to schedule a virtual meeting in the meantime—please let me know if that would work for you. Otherwise, we can meet sometime after June 5th.

Best regards,

Hi Yuxi,

I hope you're doing well.

Thank you again for the invitation to the webinar—I really appreciate it. Since I'm currently in Rome on a family vacation celebrating Passover, I was only able to join the first part - I found it truly intriguing and learned a lot.

I'd love to catch up on the rest—would you be able to share the presentation and the recording?

Best,

Subject: Exploring Collaboration Opportunities in Climate-Tech

Hi Yuxi,

Thank you again for the great conversation today. I truly believe there is strong potential for collaboration.

As we discussed, I'd love to connect with Mike Condon from Massachusetts Clean Energy Center so we can schedule a Zoom call together with Rotem Trivizki, who leadsPlanetech. Planetech is a leading Israeli climate-tech platform that connects startups, investors, industry leaders, and government stakeholders to advance climate innovation and deployment. I believe there could be some very interesting opportunities for collaboration.

Best,
Hagay

Subject: Potential Collaboration Around Brain-Related Innovation Companies

Hi Yuxi,

Thank you again for a great call today.

As discussed, there are several Israeli tech companies focused on brain-related conditions that have recently moved to Boston—or are considering relocating here. To help facilitate their transition and connect them with government officials and relevant partners in our area, I'd appreciate the opportunity to connect with the relevant person on your team who leads these kinds of initiatives.

Here are a few examples of these companies:

- Hemispheric
- NuriBrain
- Modulight Bio
- Find Neuro
- NeuroNOS

Looking forward to hearing from you.

Best,
Hagay

Subject: Introduction: Israeli Climate Tech Collaboration Opportunity

Hi Mike,

I hope you are doing well.

I wanted to make a quick introduction to Hagay from the Consulate of Israel in Boston to discuss opportunities around Planetech — a leading Israeli climate-tech platform that connects startups, investors, industry leaders, and government stakeholders to advance climate innovation and deployment.

Hagay and I recently had a great conversation about potential opportunities for collaboration between the Israeli climate-tech ecosystem and Boston/Massachusetts. Given MassCEC's leadership in supporting climate innovation, I thought it would be valuable to connect you all for an introductory conversation.

I'll let Hagay take it from here and I hope this can be the start of a productive discussion.

Best,
Yuxi

Thanks for making the connection, Yuxi (BCC), and great to meet you, Hagay. I'm looping in two of my colleagues as well – Galen Nelson (Chief Climate Officer) who has worked with numerous consulates over the years and Nicole Jacobsen (Program Manager, Business Development) who I work alongside and will be covering for me as I head out on parental leave soon. Happy to schedule some time in the next couple weeks to learn more about Planetech and opportunities for collaboration.

How does next week or the week of 6/1 look for you?

Thank you very much for your kind invitation and for considering me for this unique and important delegation.

I am honored by the opportunity and grateful for the generous offer extended by the Ministry of Foreign Affairs of Israel.

Unfortunately, I must decline, as the timing does not align with my schedule. Around that same period, I will be traveling to Europe to accompany my daughter as she begins her academic year abroad, and I have long standing family commitments that require my presence.

Thank you again for thinking of me. I wish the delegation every success and hope there may be an opportunity to participate in a future program.

CITY OF BOSTON ISSUES EXCESSIVE HEAT WARNING FROM WEDNESDAY, JULY 1, THROUGH FRIDAY, JULY 3

BOSTON - Tuesday, June 30, 2026 - Mayor Michelle Wu today issued an excessive heat warning for the City of Boston beginning tomorrow, Wednesday, July 1, through Friday, July 3 due to the current weather forecasts. The highest heat indices for this period of time are expected to range from 105 degrees to 112 degrees without significant reprieve in the evening and overnight hours.

The City of Boston is taking immediate action to provide heat relief to residents and visitors. During a heat wave, Boston Emergency Medical Services typically experiences a 10-15% increase in calls to 9-1-1 for people of all ages. Anyone can feel the impacts of extreme heat, regardless of age or medical conditions. Some of the resources available include: AlertBoston, the City's opt-in emergency alert system that provides guidance during major emergencies; cooling resources across the city; educational materials focused on kids' safety; Boston Centers for Youth & Families locations that will operate as cooling centers; state-owned pools; and participating cultural institutions offering free admission to Boston residents, including the Museum of Science, Institute of Contemporary Art, Edward M. Kennedy Institute for the United States Senate, and John F. Kennedy Presidential Library and Museum. All information about these and other City resources are available at boston.gov/heat.

"Boston has welcomed visitors and residents this summer with vibrant events, cultural celebrations, and community gatherings across our neighborhoods, and we are asking everyone to spread the word about the upcoming intense heat expected in our region. Symptoms of heat illness can occur quickly and affect people of all ages, so it's especially important to plan ahead. Please stay hydrated, use City cooling resources, and check in on family, friends, and neighbors, especially older adults, young children, and those with underlying health conditions," said **Mayor Michelle Wu**. "Our priority is ensuring everyone can safely enjoy all the Summer activities, and I'm grateful to our City departments working around the clock to connect residents with the resources they need to stay safe and cool."

This year, the City has updated its heat preparedness categorization thresholds and language for hot weather events to be in line with other partners and ensure resources are allocated efficiently. Instead of declaring a heat emergency, the City of Boston will now issue an excessive heat warning for 1 day of a heat index of 105°F or above for 2 or more consecutive hours or a temperature increase of at least 25°F within a 24-hour period of time with the high temperature reaching 90°F or above. Additionally, the City will now issue a heat advisory if there is a heat index of 95°F for 2 hours over 2 consecutive days or 1 day with a heat index of 100°F for 2 consecutive hours.

The City's excessive heat warning will lead to cooling centers being activated, additional support for residents along with a recommendation to reschedule most outdoor events. These updated thresholds, made in coordination with the Boston Public Health Commission and state partners, position the City to better respond to extreme heat events and ensure residents, visitors and families are safe and connected to resources.

"Over the next few days, the City will experience extreme heat. We encourage everyone to take necessary precautions such as staying hydrated and to be on the lookout for individuals showing signs of heat related illnesses," said **Chief of Emergency Preparedness Adrian Jordan**. "For more information regarding the symptoms of heat related

illnesses and tips on how to stay cool visit boston.gov/heat!

- Museum of Science
- Institute of Contemporary Art
- Edward M. Kennedy Institute for the United States Senate
- John F. Kennedy Presidential Library and Museum (available starting Thursday, July 3rd through the 5th)

The Mayor issued the following heat safety tips:

- Stay hydrated. Drink plenty of fluids regardless of activity level. Avoid alcoholic beverages and liquids high in sugar or caffeine.
- Keep cool with frequent cool showers, shade, and air conditioning or fans. More tips for cooling down at home can be found on boston.gov/heat.
- If you can not avoid being outside, take breaks in the shade, drink water constantly — even if you are not thirsty — and watch for warning signs like dizziness, nausea, or confusion.
- Know the signs of heat exhaustion. Heavy sweating, cool and clammy skin, dizziness, nausea, and muscle aches could all be signs of heat exhaustion. If symptoms persist, call 9-1-1 immediately. Do not delay care. Heat is the leading cause of weather-related deaths in the U.S.

and can exacerbate underlying illnesses.
- Adults and children should use sunscreen containing an SPF-30 or higher and wear protective, loose-fitting clothing including long sleeve shirts and hats.
- Secure all window air conditioner units according to the manufacturer's specifications.
- To help prevent electrical fires, always plug air conditioners and fans directly into a wall outlet. Never use extension cords or overload power strips, as these can overheat and create a serious fire hazard.
- If you are heading to a beach, lake, or pool to beat the heat, swim where lifeguards are present. Always watch children near the water and make sure they are wearing a U.S. Coast Guard approved life jacket.
- Please call or check on neighbors, especially older adults and people with disabilities.
- If you are an older adult and need help getting to a cooler space, the Age Strong Commission offers discounted taxi vouchers for seniors and people with disabilities. Call 617-635-4366 for more information.
- Please keep pets indoors, hydrated, and cool as asphalt and ground conditions are significantly hotter and unsafe during heat.

Information and resources to support individuals experiencing homelessness:

- If you see a person experiencing homelessness or individuals out in the heat who appear immobile or disoriented, please call 911.
- The Boston Public Health Commission (BPHC) utilizes a city-wide network of emergency shelters, outreach providers, city agencies, and first responders to assist those in need of shelter.
- Boston Public Health Commission's emergency shelters have air conditioning and are open 24 hours a day, seven days a week, and when temperatures are 90 degrees or above, amnesty is in place for those with nonviolent restrictions. In anticipation of this extreme heat event, amnesty has been preemptively declared for Wednesday, July 1, through Saturday, July 4. Men can access shelter at the 112 Southampton Street Shelter, and women should go to the Woods Mullen Shelter at 794 Massachusetts Ave. BPHC and the City also work closely with other shelter providers to ensure that no client is without shelter, food, resources, and a cool respite from the heat.
- Shelters are available any time of day or night for those in need.
- Boston Public Health Commission's street outreach teams providing recovery services continue operating as normal from 5 a.m. to 11 p.m. on weekdays and 6 a.m. to 7 p.m. on weekends transporting people to shelter, day spaces, treatment, home, or places of origin. During this stretch of extreme heat, outreach workers will be passing out water to those who need it.

Youth and Outdoor Safety:

- Hot weather affects infants and young children more than most adults because they heat up more quickly and sweat less. The potential impacts of heat on childhood health and development can be lifelong.
- Children and pets should never be left alone in vehicles, even for short periods of time.
- If you have a child under the age of 10 in your home, install child window guards in addition to screens on any open window that is more than 12 feet above ground. Falls are the leading cause of injury for children under the age of six.
- Parents, guardians, and educators can visit boston.gov/cool-kids to make an action plan and review heat guides for children.
- Shoes should be worn outdoors, including on splash pads, spray decks, playgrounds, and turf athletic fields, as surfaces can become extremely hot and cause burns.

Outdoor Fires and Grilling:

- No outdoor fires are allowed in Boston, including fire pits, chimineas, and bonfires.
- Charcoal grills must be on the ground and away from buildings. Keep in mind the wind and never leave grills unattended. Dispose of the ash in a metal container once completely out.
- Propane tank grills are only allowed on first floor porches with steps to the ground. Do not place propane tank grills near air conditioners or up against a building. Make sure all connections are tight and never carry propane tanks into a home.

- Grills should always be used in a well-ventilated area.

The City of Boston's work is guided by the Heat Resilience Solutions for Boston framework to prepare for hotter summers and more intense heat events. The Heat Plan presents 26 strategies that will help build a more just, equitable, and resilient Boston.

The highest heat indices for this period of time are expected to range from 96 degrees to 99 degrees without significant reprieve in the evening and overnight hours.

Subject: Massachusetts Strengthens Business Attraction & Investment Efforts

Dear colleagues,

I hope you are doing well and enjoying the summer.

I wanted to share a recent economic development update from the Commonwealth of Massachusetts that may be of interest to your organization and the companies you support.

The Massachusetts Executive Office of Economic Development has released a Request for Proposals (RFP) to establish a long-term Business Development Public-Private Partnership. The initiative is designed to strengthen the Commonwealth's efforts to attract, recruit, and retain businesses, including international companies, while enhancing collaboration with

regional economic development partners.

The selected partner will work alongside the Commonwealth to expand business attraction efforts, leverage private-sector investment, and support the continued growth of Massachusetts' innovation economy.

You can learn more about the initiative here:
https://www.mass.gov/info-details/business-development-public-private-partnership

As always, if companies in your network are exploring expansion opportunities in the Greater Boston region, our team at the City of Boston would be happy to connect and discuss how we can support their market entry and growth.

Please don't hesitate to reach out if you'd like to learn more.

Best regards,

Yuxi Wang
